

Upadesa Saram, Class 2

Greetings All,

Continuing his teaching of Upadesha Saram, Swami Paramarthananda said, in the last class we discussed that this book contains the essence of Veda Shastram. Vedas are divided into two groups:

1. Veda Poorva- also called Karma Kanda is the step used for preparation of the mind.
2. Vedanta – also called Gyana Kanda is the step used to remove ignorance of the mind.

Karma Kanda is done in an intelligent manner in which one enjoys the worldly life and desires but also allows one to grow spiritually. In this stage fulfillment of worldly desires is primary while spiritual growth is secondary.

As one grows older in Karma Kanda, this process starts to reverse. Now, the desire for the material world diminishes and desire for spiritual progress increases. This is Gyana Yogyatha Prapthihi.

Gyana Yoga itself is for Gyana Prapthi. It allows us Jivatma and Paramatma Aikyam.

Upadesha Sara's shloka's 1-13 are related to Veda Poorva or Karma Yoga. Shloka's 14-30 are related to Gyana Prapthi.

Karma Yoga is our first focus. Upadesha Saram is a teaching of Lord Shiva to Poorvamimamsaka students. Therefore, it begins with negation of Poorvamimamsaka philosophy. Poorvamimamsaka's have certain misconceptions. Ramana MahaRishi removes those misconceptions. Poorvamimamsaka's believe in rituals and not Vedanta. They considered Vedanta a non-fertile desert portion of a country.

The first misconception of Poorvamimamsaka's is that there is

no God. If asked who created the world, they say both (God and world) are Mithyas, they are not created. If God does not create Karma Phalam, who does? Or, who is the Karma Phala Datha? Their answer is that the Niyathi of Karma creates Karma Phalam. Citing examples, Gravity does not need a God it follows laws of gravity. If you light a fire under water, the water will boil, no God comes in, to do this. They feel, the laws of physics, the moral laws, the laws of rituals etc., govern all actions. There is no Karma Phala Datha. The Karma itself is the Phala Datha. This is their second misconception.

There are many rituals and there are special rituals. These special rituals, such as Avahanthi Homam, provide finite results such as blessing of a child, money etc. These are, however, Anithya Phalam.

There are also certain special rituals that produce Nithyaphalam. It is called the eternal heaven, Swarga. It is similar to Christianity and Islam's concept of heaven.

In this context Swamji cited Nachiketas who told Yama: Swarga is a fine place because you are not there. In this Swarga there is no disease or death.

Mokshsa is immortality. If Swarga provides it, why do we need Vedanta, is the question posed by Poorvamimasaka's. So, the third misconception of Poorvamimasaka's was that Karma is Moksha Janakam.

Shloka # 1:

" The results of action flow according to the law of the Creator. Is Karma , action, God? It is insentient."

No laws can give phalam. You require a judge. An intelligent principle decides the phalam as per law. Actions alone are not enough to consider, one has to take into account the motive as well. Citing example of the Palavan Bus driver who hits a man in order to save him from a major accident, one has to take into account the motive of the driver as well. Without a

judge, a judgment cannot be given.

Law + Judge=Phalam

Law itself is Jadam. It does not discriminate. The intelligent principle is required to preside over the law. The judge has to be well versed in Jivan Rashi (Past, present, all Lokas etc.). The judge has to be omniscient. When Karma is relevant to a family all members of the family simultaneously exhaust their Karmas. The Phalam has to be versatile. Millions of such events occur in the world and have to be addressed simultaneously. This requires a super-intelligent principle.

The word Kartu means Creator. By using God as the Creator, creation has manifestation and un-manifestation. As per Vedas the Universe comes and goes. Modern science also says the universe was created. This requires a Creator.

A question can be asked, as to why can't the world be created accidentally. Citing a story about Shakespeare, it seems there was an explosion at the printing press and all letters got thrown out. Later putting them together resulted in creation of Shakespeare's works.

Can accidentally even a shloka be written? How can we accept the concept of an accidental Creator? Creation requires a creator and the Vedas. Both originate from the Lord. Therefore first misconception of Poorvamimasaka's is negated.

Law is blind and it requires an intelligent interpreter. This God is the Creator of Karma Phalam. Every experience I go through is a Karma Phalam. It was produced by an action of my own. Therefore, I am responsible for my Karma Phalam.

Relationship of Cows, Parent- Child and a good friend are all required. They are all Karma Phalas. The Phalam comes from God's hands. Why can't law books regulate Karma? It requires an agent to regulate. Vedas are Jadam. They require an

interpreter. Physical laws are also Jadam as are moral and other laws. So, Ishwara is the Karma Phala Datha. This is, obviously, not accepted by Poorvamimasaka's.

Here we are talking about Vyavaharika Saguna Ishwara who is different from Vyavahrika Saguna Jiva and Vyavahrika Saguna Jagat. This is based upon a Vyavharika Drishti. Here Jiva and Ishwara are different and as per Vedanta, Karma is also Vyavahrika.

In Paramarthika Drishti, Jiva and Ishwara are one. One should not confuse and mix up Vyavahrika and Paramarthika Drishti's.

Shloka # 2:

“ The fruits of action are transient. Action causes one to fall into the ocean of further action. It obstructs the goal.”

Karma does not produce results. Ishwara produces Karma Phalam per Karmic law. In this shloka Ramana MahaRishi negates the second misconception of the Poorvamimasaka's. They claim that some Yagas produce Swarga Loka. Here Ramana Maharishi negates their idea and says, no Karma can produce eternal result as the Phalam is always Anithyam.

Now a question comes up. Poorvamimasaka's also believe in Vedapramanam. They ask, “ If you believe in Vedas, they say Swarga is eternal. If so, why don't you accept our Nithya Karma Phalam?” Vedantin's counter this with the question “ There are places in Vedas that say Swarga is not eternal or it is Anithyam.” Which word of Vedas should we accept?

My Note: Vyavahrika and Paramarthika explained.

The scriptures speak about two different frames of references to understand the relationship between the Man, the world and the God. They are the Vyavaharika state and the Paramarthika State.

The Vyavaharika state refers to the Dual (Dwaita) state of reference. Most people understand the Universe from this plane. They perceive the duality of object and the subject. There is the world (Jagat) and there is Individual (Jiva) and the God (Ishwara) all separate. The Paramarthika state refers to the Absolute Non-dual (Advaita) state of reference, where only Brahman/Atman is. There is no difference between God or Individual or the world. The former is a temporary and relative state of existence whereas the latter is the absolute-permanent state of existence.

With Best Wishes,
Ram Ramaswamy
