## Mandukya Upanishdad, Class 53

Advaidam is beyond all

disputes. In vereses 3, 4 and 5 Gowdapadha shows how advaidam doesn't

have any disputes with other systems of philosophies. The difference of

opinions is primarily was the creation. No system of philosophy is able

to agree with other system and they form rival groups.

The two theories of creation discussed later are:

- 1. Sath kariya vadhaha: This is sankya philosopher founded by Kapila Muni.
- 2. Asath kariya vadhaha: Founded by gyaya philospher or vaisheshka philosper.

They argue whether there is an

existent world originated or nonexistent world originated. Advaidin can't

join either one as he will be attacked by the other. Advaidin do not join

any particular theory of creation. We don't hold any theory of creation

at all. What is the advadic theory of creation? In advaidam, there

is no theory of creation because there is no creation at all. If I accept

creation, I have to explain the method of creation. What is in front of

us is not a world, but Brahman. What was there was Brahman; and what will

be there is Brahman. Therefore, there is no creation, no theory of creation.

Sankya philosophers say an existent

product originated. Gyaya philosophers say that an existent product need

not originate at all, therefore a non-existent product originates.

## Verse 4

Vaisheshka philosopher refutes

sankya philosopher by saying an existent product can never originate because it

is already existent. Sankya philosophers refute vaisheshaka philosophers

by saying a nonexistent pot can not originate and existent pot need not

originate. Matter can never be created. A nonexistent pot originates, is grammatically wrong. Action can never exist by itself. A grammatical sentence requires a verb and subject. In this

sentence the verb is originates. What is the subject of this verb?

According vaisheshika, the subject is nonexistent pot, which means there is no

subject. By refuting each other, they indirectly refuting the origination

of the world. One group refutes the origination of existent pot another

group refutes the origination of nonexistent pot; with the result there is no

question of arrival of pot. This is biggest confusion of human

intellect. Pot has not arrived at all because there is no substance

called pot. The substance is only clay. Pot is not a substance; it

is a word. World is not a substance; it is only a word. There is no

origination of anything other than a new name called world. Any product

is not a substance, it is a new word initiated by your tongue. When

jivatma are not born, where is the question of rebirth? The biggest

samsara is the desire for moksha. I was the paramatma, I am the pramatma

and I ever will be paramatma. There is no coming and joining of

jivatma. It is all confusion and it is Maya.

## Verse 5

The non origination of the world is

indirectly supported by both the sankya and gyaya philosphers by refuting each

other. The refuting of creation is the teaching of vedantic philosophy. We acknowledge their contribution to advaidam. We never

argue with them. The glory of advaida is it is argument free teaching.

## Verse 6

The word avivadhah means the advadic

teaching is beyond dispute. This was explained in the verses 3, 4 and

5. From verse 6 to 10, Gowdapadha gives the essence of advaidic perspective.

Advaidin has freed himself from the basic mistake all the philosophers

commit. Freedom from this basic mistake is moksha. Verses 6, 7 and

8 are repetition of the third chapter verses 20, 21 and 22.

The mistake people commit that there

is a paramatma which is the cause of this universe. Paramatma

is the

karanam and the universe is kariyam. The world has come from god and we

jivas have also come from god. This jivatma is caught up in the world of

samsara which is full of suffering until the jivatma goes back and merges into

paramatma. Most of the seekers pray only for that "I have come away

from god, at the time of moksha I go back to him". The fundamental

concept is I have to join god. The day I merge into that Lord, I will be

eternally free or muktha. All these views are entertained without taking

into account, the nature of paramatma. "Eternal paramatma is the

cause of the world" is a logical contradiction. Cause means modification, eternal means modification free. If the god is the cause,

he can't be eternal. If God is eternal, he can't be cause. This is

the fundamental mistake. Jivatma is not a product of paramatma, but

jivatma is none other than paramatma. Making paramatma a cause is not a

glorification of god; it is an insult to god because how can the changeless

paramata ever become the changing cause of the universe.
