

# Four Types of People

Swamiji in Class 226 of Bagawat Geeta:

There are four types of people:

1. He who knows not and not knows knows not; fool
2. He who knows not and who knows knows not; ignorant; teach him
3. He who knows and knows not he knows; very intelligent but does not know he is intelligent; wake him
4. He who knows and knows he knows; very intelligent; follow him.

Vedas add one more variety – tamasic – he who knows not and thinks he knows.

## Kaivalya Upanishad, Class 3

Greetings All,

Swamiji said in his previous introduction we saw Upanishad means Atma Vidhya or Brahma Vidhya as it brings Jivatma and Paramatma together. This process brings the Seeker and Sought together and thus Samsara is destroyed.

Sat + Upani means wisdom inside us. It is the primary meaning. A secondary meaning of Upanishad is that it is a Vedantic textbook that leads to knowledge. The book is external or outside of us and it should lead to the internal Upanishad or Pramanam.

Kaivalya means Moksha. It originates from Kevala that means: Whatever is without a second, Purnaha, Non Dual, Infinite,

Fulfillment, Fullness and Limitlessness.

Any sorrow is a sense of incompleteness. In Tamil the word Kurai is used for incompleteness and Niraiv means fullness.

Anandatvam means unexpressed happiness. Ananda is expressed Anandatvam. So Kaivalya is an Upanishad that gives you Ananda. It also removes daily struggles and samsara. This Upanishad ends with Kaivalyam or Ananda.

This is a small Upanishad belonging to the Atharvana Veda. Mundaka also belongs to Atharvana Veda. Katho belongs to Krishna Yajur. Each group of Upanishads has a common Shanthipatha respectively. Thus, Mundaka Shantipatha is same as Kaivalya.

Shantipatha is a prayer to Lord. It has to be chanted together by the Guru and Shishyas. In the Shanthipatha the Student is asking for favors from the Lord.

**The first favor** asked for is a long life. The purpose of a long life is to complete mission of Moksha Prapthihi.

**The second favor** is fitness of entire personality or a fit body, mind and intellect complex.

**The third favor** is ability to pursue a spiritual life, once I have a long life and a fit personality. These include study of scriptures and know the glory of Lord. If you know the glory of Lord, you will also know it is your own glory. God realization is Self-realization. May I have Shastra Vichara?

**Fourth and final favor** is freedom from all obstacles. Our papams do not allow us to do good things. They become obstacles, known as Prathibandhu Nivrithihi.

Swamiji says the Shanthipatha is a good mantra to chant to remove obstacles from our self (we have control), immediate surroundings (some control) and Supernatural forces (no control).

## Chapter 1, Mantra # 1:

Upanishads are in the form of a dialogue. Sometimes names of Guru and Shishya are not provided. In Kaivalya Upanishad it is provided.

Ashvalayana is a Rig Veda Acharya. He approached the Guru, Parameshthi or Brahmaji, the Lord or Creator of the universe.

When did he approach the Guru? He approached him after acquiring the necessary qualification to understand the knowledge of Brahman or Sadhana Chatushtaya Sampathi. He acquired this by Karma Yoga, obtaining purity of mind and by Upasana Yoga, acquiring focusing capacity of mind.

He approached the Guru with great reverence. Gita says namaskara indicates lack of intellectual arrogance, Shradha and Bhakthi.

He then asked for this knowledge. Scriptures say knowledge should not be given to one who is not interested in it. Only a shishya who is interested and who asks with proper reverence is to be given this knowledge.

### Mantra # 1 (continued):

Ashvalayana said: “ Hey Bhagawan, May you teach me Brahma Vidya.”

The word Adhihi is not teaching, rather it means loud remembrance. So, please remember loudly. Swamiji says you cannot teach another person if he is not ready to learn. You can only facilitate the conditions of learning. The student must have capacity to absorb. Just like a plant, I can only provide conditions but plant must have the potential. “ You please remember loudly. I will sit and absorb about Brahma Vidya”.

Other aspects of shloka are about glorification of Brahma Vidya indicating it is a sincere request.

Glorification:

**First:** It is a great wisdom.

Even if we seek other knowledge, it should be studied with the aim of refining our intellect. Having refined my mind from other sciences, I have pursued Brahma Vidya as a goal. Of all the goals, it is the greatest goal. Spiritual growth happens gradually; Like a mother nourishing a child, gradually. Similarly, my mind should be nourished for Sadhana Chatushtaya Sampathi.

**Second:** Everybody should be seeking wisdom, even though many do not. They do not know its value, since they are not mature. We tend to chase after materialistic things rather than Brahma Vidya.

**Third:** The Brahma Vidya is most secret wisdom. Very few people know it.

**Fourth:** All Papam's are destroyed. Punyam is included in papam. Punyam is a golden chain, while papam is of steel, says Swamiji. Both lead to the cycle of life and death.

**Fifth:** Through this wisdom an individual obtains Purusha or Truth. By knowledge alone he attains Brahman.

To obtain something you should know it first then go and get it. Brahma Vidya is different in that knowledge is known and got at the same time as this knowledge was missing due to ignorance.

Knowledge clears the imaginary distance.

Citing an example, the lost car key is ignorance of the key in your pocket. Knowledge is that key was not lost. This is also called Prapasya Prapthihi.

What type of Brahman is it? One who is beyond Maya (Parat Para or Maya Para) or the Consciousness principle.

Who gets this knowledge? The wise person attains Brahman. Such a Brahma Vidya, please teach me as well.

Mantra #2:

Parameshti, grand sire of the universe, addressed the student. He teaches the means of obtaining the Brahma Vidya.

There are two means:

1. Direct via Gyana Yoga and Vedanta Vichara
2. Supportive means.

Citing an example: Direct is the seed that produces the plant. However, it also needs the supportive means of proper soil, water and sunlight.

Vedanta Vichara involves Sravanam, Mananam and Nididhyasanam.

Sravanam: Consists of systematic study of scriptures for a length of time under a competent teacher. This gives gyanam.

Mananam: Intellectual exercise that removes all doubts that obstruct convictions. Conviction alone can give Gyanam.

Nididhyasanam:

This removes emotional obstruction or unhealthy ways of thinking and responding. Kama, Krodha, Mada and Moha are examples. Thus they are:

1. kama – lust
2. krodha – anger
3. lobha – greed
4. moha – delusory emotional attachment or temptation
5. mada or ahankara – pride, hubris
6. matsarya – envy, jealousy

Nididhyasanam removes emotional barriers.

Through these three approaches, may you get knowledge.

With best wishes,

Ram Ramaswamy

## Kaivalya Upanishad, Class 2

Swamiji continued with his introductory talk. He talked about necessity of self-inquiry. Our idea of our selves and vision of scriptures about us are different. I feel “I am full of defects”. I am searching to free myself of these defects. Scriptures say, “You are free of Doshas.” There is a contradiction between what I am and what scriptures say.

The instrument to know this knowledge (via self enquiry) is known as Pramanam. There are five types of Pramanam's also known as Pancha Pramanani. All these are Paurusheya Pramanani or human instruments.

The Pancha Pramanani are:

**pratyaksha = direct perception or cognition**

**anumana = inference, reasoning, deduction**

**agamah = authority, testimony, validation, competent evidence**

**pramanani = valid means of knowing, proofs, sources of correct knowing**

**viparyaya = Incorrect knowledge or illusion. Perceiving a thing as being other than what it really is.**

Other than Pratyaksha all other four instruments are derived from perceptual data. Can anyone of them help me with self-

enquiry? All five are human instruments and are extrovert in nature. Thus, an eye can see outside but not itself. Science also depends on extrovert sense organs. When we get data based on objective world, knowledge will be of the object. What I need is subjective data. The five instruments are inadequate for Self Knowledge. Every instrument can perform only in its field of operation. Self is not in the field of any instrument.

Why not meditate and get knowledge? Stopping thought cannot produce any new knowledge. Available instruments do not help. Meditation also does not do it. What should I do?

There is a sixth Pramanam. It is not of human origin. It is from outside. It is called Shabda Pramanam. It is a spoken or oral pramanam.

Shabda Pramanam are of two types:

- Laukika Shabda Pramanam, of human origin.
- Shastriya Shabda Pramanam that comes from God.

Laukika pramanam can only deal with objects. Example given was gravitational force. How did newton get this knowledge? He got it from Paurusheya pramanam or from human evidence.

Shastriya Pramanam is unique and is meant for revealing my true nature. Veda is a unique instrument of knowledge. It is not available from any other source. One who is performing self-enquiry has to use Shastriya Shabda Pramanam. When eye cannot see it self unless you use a mirror. Using the mirror, this is wisdom. I use Shastriya knowledge or Upanishad or Vedanta as a Pramana or mirror. Shastriya knowledge is looking into myself or looking inwards. The clearer I look the clearer is my knowledge. So, I need to study Shastriya Pramanam thoroughly.

Now there are some difficulties in obtaining this clarity of understanding.

Primary difficulty is our own habits. We always assume Shastra is talking about a new object. So, we tend to objectify it and then want to experience the object. We, thus obtain a bookish knowledge, while what we need is experiential knowledge.

Why does this mistake happen? Because we think Brahman is a new object without realizing that it is my own true nature. I should own up to my true nature. Our method of listening to Shastras also should be somewhat different, therefore Shastras insist upon following:

1. You require a Guru. He will constantly point out Brahman is You and not outside.
2. Since I, the self, am an observer, I am different from everything else, observed. I am unique. I cannot be observed. For this we do not have an example to fall back upon. Scriptures use of peculiar methods of communication that makes it difficult to comprehend. Words like dvaita and advaita are often used. Extracting information from scriptures is not easy and a specific method is followed. This method is called Sampradya or mimamsa or Vichara. The scriptures have six indicators that tell me what is the revelation about my true nature. The six indicators are known as Tatparya Lingani. The six indicators reveal the central theme of Upanishads. It requires study of beginning portion (Upakrama) and ending portion ( Upasamhara) and this reveals what is in central portion as well. An example of this is, while listening to the news in TV or Radio; the main points are brought out at beginning and end of the news.

A good speaker should follow the following rules for the six indicators

1. Upakrama and Upasamhara.
2. Abhyasa or repetition. An aspect of scripture is repeated again and again indicating its importance.

3. Apoorvata or Uniqueness. Scriptures reveal what science cannot reveal. Science cannot study consciousness. Vedanta reveals about consciousness and the observer. The subject is not available to science.
4. Phalam: The benefits. The study of scriptures provides benefits. Also called Prayojanam from Advaitam.
5. Arthavadaha: Ninda stuthi. This means glorification and criticism. If you look at yourself as a finite being it should be condemned. If you consider yourself infinite, it should be glorified.
6. Upapathihi: Knowledge supported by logic. It is not a blind logic. Example: Scriptures say life in heaven is eternal. This is illogical. Whatever is acquired in time is also lost in time. Consciousness is eternal. It is logical. It cannot be disproved.

These above six are called Shat-tatparya -Lingani.

The body, mind and world are perishable. Behind the Observed, is the consciousness. Example: Camera is not in photo; does not mean camera does not exist. So, also, proof of object is proof of consciousness.

Aham Brahma Asmi. If I get this knowledge I need not get anything else for Poornatvam. So struggles for Poornatvam (or end of samsara) will also end. Therefore end of Vedas is called Vedantaha. It is also called Gyana Kandam or Atma Vidya or Brahma Vidya.

After this knowledge all my struggles end. Giving example of puri (the flat bread), the flat dough when it is placed in hot oil rises up and becomes a big round puri. It is so with us too. Now, I live with Poornathvam and life becomes a Lila.

Hence it is called Upani-shad. Upani means wisdom or bringing together (you and knowledge).

This wisdom, Upanishad, occurs at end of each of the four Vedas. Since a Guru is compulsory, A Guru Shishya dialogue

occurs in all Upanishads.

Ashvalayana is a Guru. Even Rama and Krishna had Guru's. One or a group of dialogues is called Upanishad. Originally many Vedas were reportedly there. Many were lost in time. Now there are supposed to be 280 Upanishads. Of these 11 are very important and Shankaracharya, Ramanuja and other Acharyas wrote commentaries on them. Of these 11, six are usually studied. They are: Isha, Kena, Mandukya, Katha, Prasna and Brihadaranyaka. Kaivalya is over and above the six. Between these seven Upanishads the essence of Vedanta is imparted. Kaivalya belongs to Atharvana Veda.

With best wishes,

## Prasna Upanishad, Class 21

Greetings All,

Swamiji continued his talks on Chapter 6 of Prasna Upanishad.

Sukesha Bharadwaja asks the sixth and last question. Before asking his question he narrates an incident. The Rajput prince Hiranyanabha asked him about the sixteen-part Purusha. Sukesha told him he did not know about this Purusha. Now, Sukesha, asks his Guru, Pippilada, about this sixteen-part Purusha. Swamiji asked why narrate the incident at all?

Two reasons were presented:

1) To teach the value of Satyam. When one does not know the answer, one should not give the wrong answer. One should accept one's ignorance.

2) A prince approached Sukesha Bharadwaja. This indicates he, Sukesha, was held in high esteem. The fact that he did not know the answer indicates that it is a rare knowledge. Here rareness of knowledge is emphasized.

Finally student asks where the sixteen-part Purusha is? He does not ask who the sixteen-part Purusha is first. Swamiji says, this maybe because he may have some idea about whom he is. So the question is who is he? And where is he?

Shloka # 2:

To that student, who has approached his Guru properly, who is truthful and deserving this knowledge, Guru Pippilada says:

O Somya, or Pleasing one, He is within the body within Hridayam as the awareness.

Note: Shankara says: When a student is deserving, the teacher has to impart him knowledge.

Brahman in Antahakarana means it is manifest in antahakarana. It is outside as well and as such all-pervasive. Being all-pervasive does not mean it manifests everywhere. This is the answer to the question where is the Purusha.

Now, who is this Purusha? Purusha, here, means Brahman. Upanishad says Purusha is Niravyavam or Niskalaha. Student is asking about Sakala Purusha, while Brahman is Nishkala.

Teacher is going to reveal Nishkala (without limbs) Brahman. How can Teacher reveal a Brahman without Limbs? Where eyes do not go, intellect does not go, how can one reveal such a Brahman? So, an extraordinary method is used. It is called Adhyaropa Apavada. It is a four-step process.

**First step:** Introduce the world itself as an effect or Karyam. Material world, according to our experience, is always there. The world of matter is always there. It is also called Jada Prapancha.

**Second step:** If the world is a Karyam, then there must be a Karanam, which people do not know about. The cause of the Material universe is Satyam or Gyanam. Gyanam or Chaitnaya is the cause of matter.

Note: As per Science, matter is the basis and Consciousness is the product of matter or life.

First and second step together are called Adyaropa or Srishti.

**Third Step:** Karyam does not have an existence separate from Karanam. I have to show this. I am negating Karyam as separate from Karanam. There is no matter separate from Consciousness.

**Fourth Step:** Once Karya Budhi is negated, Karana kartavyam is negated from Karanam.

The third and fourth steps together are known as Apavada.

From Pot thought to Clay thought or Clay Budhi. Keeping clay thought, where is the pot? It does not exist. Keeping eye on clay, I negate the Pot (Karyam). Clay can be the cause only as long as Pot is there.

Therefore Clay thought is> Clay was>Clay will be. The word pot caused the confusion.

At this stage Avasishtam or Jada Rahita Chaitanya remains or Adhyaropa Chaitanya or consciousness alone is. Adhyaropa Parkriya begins as Srishti.

Srishti is explained in different Upanishads in different ways. Thus, there are Krama, Akrama, and Vikrama Srishti's. Why this inconsistency in Upanishads? It is only a temporary introduction, eventually it is all negated.

In Prasna Upanishad Srishti is introduced as the sixteen parts. Using the sixteen parts Purusha, the teacher reveals the Nishkala Purusha.

Thus, the sixteen-part Purusha is born from Nishkala Purusha and then again resolved in Brahman.

Thus: Sixteen part Purusha> Born from Brahman> Again Resolved in Brahman.

Sodasha Kala Adishtanam Param Brahma is a new name for Brahman. Swamii says Shodasha Kala is only an indicator for Brahman.

One more question can come up. When we say Brahman is Karanam, how can Brahman be the Karanam? Karanam undergoes change. Thus, Clay becomes pot or changes to pot. Here Shankara says: Brahman is Karanam. It does not mean Brahman is Karanam. Karanatvam is only a temporary status assigned to Brahman. So, don't go deep into it. It is for this that the concept of Maya is introduced. Karanathvam is Maya.

This sixteen part Material universe is the basis for Universe. What are the sixteen Kalas?

{My Notes: Got this from internet on Adhyaropa Apavada. In the Vedanta, even though the Supreme Purport is in Advaita, we do encounter passages declaring creation implying the duality of a created world (and jIva-s) and the Creator Brahman. This suggests a cause-effect relationship between Brahman and the world. One can appreciate this seeming contradiction, that is, the declaration of Advaita on the one hand and the presence of creation passages on the other, by understanding the principle of adhyAropa – apavAda or the Method of Deliberate Superimposition and Negation.

The source of this idea is the explanation of the principle by Swami Paramarthananda in the course of his mANDUKya kArikA discourse.

The example of a pot is considered for the purpose of understanding the principle. I have a 'pot' vision. The teacher wants to change this vision of mine as he wants me to

have the correct vision, that of the clay. This is accomplished in FOUR stages:

Stage 1. The pot is presented as the effect of clay.

Stage 2. Clay is presented as the cause of the pot.

Stage 3. Now, the teacher asks me to find out if I can see the pot without the clay. I look at the pot on all sides and conclude that everywhere it is clay alone. It is not available as different from clay, its cause. The conclusion: the effect is non-different from the cause.

Stage 4. This much is not enough, for the concept of cause and effect does exist. Now the teacher states that since it was concluded that the effect does not exist apart from the cause, it would be correct to hold that the cause alone really exists. But this still limits the cause as a cause. The vision born of wisdom is: There is no longer any need to call the clay as the cause. As clay alone matters in that wise vision, it would be appropriate to divest the clay of its status of a cause. Thus, divested of this status, clay remains as the one that transcends the cause-effect duality.

The first two stages are the 'adhyAropa' stages where the 'effect'-hood of the pot and the 'cause'-hood of the clay were superimposed deliberately. This is done in order to afford the foundation for finally negating them and driving home the non-dual nature.

The latter two stages constitute the 'apavAda' stages where the supposed effect-hood of the pot is negated and even its substantiality is shown to be only in the clay. The pot is shown to be insubstantial as apart from its substance, the clay. Next, and finally, even the causehood of the clay is negated, for when the effect-hood is admitted to be of no consequence, to accord the cause- status to the clay is meaningless. The clay can exist without that definition as the cause.}

{My Notes: More From Internet on Adhyaropa Prakriya:

“May I add my own (2 cents), more with the idea of learning more on the fundamentals of Advaita Vedanta.

Adhyasa is not Knowledge. Adhyasa leads to ~~0~~mithya-gnanam~~0~~ and because of this ~~0~~mithya-gnanam~~0~~ one makes wrong conclusions about himself and the world. It is mithya-gnanam because such knowledge changes (budhi vyabhicharati) when one enquires into it.

Adhyasa takes place, just like cooking takes place, when the various factors required for adhyasa to take place are present. This is a natural law.

Adhyaropa and Apavada is the methodology or prakriya used in Vedanta for one to understand that Adhyasa exists and it is like a natural law, but it leads to mithya gnana and fools people. The prakriya is used only to correct the mithya-gnana, (and not to remove Adhyasa) because the appearance of one thing as another thing, or one thing appears as having the qualities of another thing and vice-versa, can continue. The prakriya has nothing to do with the objects, as all it does is to correct one's Budhi, i.e. intellect, so that one does no more get fooled by the mithya-gnana resulting from Adhyasa.

Samsara, rather Samsara Budhi, takes place only because of Adhyasa i.e. Atmani Anatma Budhi and Anatmani Atma Budhi, (intellectual appreciation of what is real as unreal and what is unreal as real). The Adhyaropa-Apavada Prakriya removes this wrong intellectual appreciation, and corrects it with Atmani Atmabudhi and Anatmani Anatmabudhi (intellectual appreciation of what is real as real and what is unreal as unreal). “}

With best wishes,

Ram Ramaswamy

# Prasna Upanishad, Class 14

Greetings All

Swamiji continued his talks on Prasna Upanishad.

Fourth Question

Summarizing the gist of last chapter (Question 3) Swamiji says, the Student asked Pippallada five questions.

1. Where does Prana come from? It comes out of Atma like a shadow.
2. How Prana arrives into the body? It arrives into the body due to Manokrithe from our Sankapla or Karma. So, it comes through our mind because of our Purva karmas.
3. How does Pranas divide itself? It divides into the pancha pranas known as: Apana, Udana, Samana, Vyana and Prana and each has its role defined. Shlokas 4,5 and 6 address this. Like an Emperor it delegates powers to other Pranas.
4. How does Pranas go out of the body? This is addressed in mantras 7, 9 and 10 respectively. Prana goes out through the susuhmna nadi, in case of Upasakas. In a Gyani and non-Upasaka it does not go through the Susuhmna Nadi. At time of death, all pranas are absorbed in Udana with the sense organs. So, Udana and Sankalpa are the only one's left and they together lead the Jivatma to various Lokas.
5. How does it function? This is addressed in mantra 8.

How does it sustain at individual and cosmic levels? At individual level, through the pancha pranas although the individual level is not specifically mentioned. At Samashthi level, through Adithya, Prithvi, Akasha, Vayu and Agni

Devatas.

Then Mantras 11 and 12 concluded with Prana Upasana. The benefits of the Upasana are described. In this world the person's children will not die due to an accident. In the next world one gets Krama Mukthi.

Second chapter was also Prana Upasana. Karma Kanda knowledge does not bring benefits unless it is used to perform Upasana. Vedas give a command or ask one to act and it is called Vidhivakyam. In Chapter 2, it was only glorification and there were no commands. In chapter 3 until mantra 10 it is glorification. Only mantras 11 and 12 are Vidhivakyam's and as such are an important part of the Upanishad.

In Chapter 1, Shukla and Krishna Gathi was discussed in context of Srishthi Prakaranam. In Chapter 2 and 3, it is glorification of Prana. In chapter 3 we got Purva Bhaga (Karma kanda) of the Veda. Now comes the Gyana Kanda or Vedanta from Chapter 4.

## Chapter 4

Shloka 1: Beginning Chapter 4, Question 4, the fourth student Sauryayini Gargyaha asks five questions. They are:

1. At time of dream what are the organs that are sleeping or not functioning? This is about the Swapna Avastha.
2. Related to dreams what are the organs that are awake?
3. Related to dreams, which Devaha (Karanam or Chetana Tatvam) is seeing the dream (Swapna Padarthaha)
4. To which person this sukham belongs? The benefit of Susushupthi avastha?
5. What is that Adishthanam on which all organs are supported (Turiya Rupa). This question, says Swamiji, makes it Vedanta.

Jagrithi is not considered. If it is included we are

discussing Avastha Trayam.

Shloka # 2: Teacher Pippallada now answered the questions.

Q 1: What organs are sleeping or are resolved or in dormant condition during dream state?

The five Gyana indriyas and five Karma indriyas, 10 in all, are all dormant. The Karma Indriyas are: Vak (organ of speech), Pani (hands), Pada (feet), Upashtam (organ of generation) and Payu or Guda (anus, the organ of excretion) are the five organs of action. All ten are resolved in the mind. It is not a permanent resolution. The 10 indriyas come forth during the Jagrithi Avastha. This is a daily affair. Giving example of the Sun and its rays, Sun is the mind and the rays are like the 10 indriyas. In early morning we are able to see the sun. As it rises the rays come in all directions. At sunset the rays are withdrawn. At sunset you can see the orb of the sun. You can see the same at dawn.

Similarly, in the morning the sense organs spring out and reaction becomes brighter and at sunset sense organs are withdrawn and everything becomes less bright. They are partially active until fully withdrawn.

In same manner all 10 sense organs resolve into the mind. What kind of a mind is it? It is the great mind, the effulgent one.

Mind, by itself, is Jadam. However, it is pervaded by Chetana or reflected consciousness ( Chidabasha), hence it is consciousness now. Blessed by the mind, sense organs arise, as well as, get resolved. Hence, mind is supreme. Just like the moon gets its light from the sun, so also the sense organs get their light from the mind. Mind is Paraha or Supreme. Sense organs are Aparaha. All ten organs stop functioning when resolved during dream state.

During dream there is no taste, smell, touch, sight, all five gyanaindri yas are shut. The Krama indriyas of hold, grasp,

movement, etc are also resolved. One is considered to be sleeping by other waking people.

With this the first question has been answered.

Q 2: What are the one's that are awake?

The Pancha Pranas are awake.

With best wishes,  
Ram Ramaswamy

## Baghawat Geeta, Class 13

Greetings All,

Gita, Chapter # 2, Samkhya Yoga:

Swamiji starts off by reminding us that Vyasa now presents Arjuna as a seeker of moksha. The fundamental human problem characterized by Raga (Likes), Dvesha (Dislikes) and Moha (delusion) is also called Samsara. Due to attachment, when we lose a person or an object, it causes us Shoka. In this state of Shoka our mind loses its discriminating faculty and is called Moha. This is the situation faced by Arjuna in battlefield. While we try making adjustments to the external world to solve such an internal problem, it only acts as a palliative or a first aid rather than as a remedy. In such a situation the aggrieved person should discuss his helplessness in solving the problem, and this state of helplessness is called Karpanya bhava or Dainya bhava. While Arjuna has discovered his problem he has not yet arrived at the helpless stage, the second stage of problem solving.

Shloka #5:

Arjuna says: If I fight and kill my two Gurus, I will only remember how they struggled and died in battle. Every moment I will remember how I killed Bhishma and Drona. My other option is not to fight and retire to the forest, where I will have to live on alms.

Swamiji says Arjuna has to decide which course of action to take. He chooses Adharma. He feels he will be better off living in forest, on alms. For a Kshatriya and Grihastha, Bhiksha is not allowed. Giving up one's Sva-Dharma is also a sin. Here Arjuna is giving up his Kshatriya Dharma, by not fighting. Furthermore, by planning to retire to the forest and begging for alms, he is taking up somebody else's dharma, which is yet another papam. Swamiji says, Sri Krishna is still quiet, as Arjuna has not yet asked him for help.

Shloka # 6:

Arjuna says: I am in a big conflict because my own cousins are arraigned against me. By killing these people, we will not like to live in this world, as they are both kith and kin. We are not even sure if they will defeat us or we will defeat them. I am not objective enough to analyze the situation. So, I need your help. We do not know what to do? Victory over them or their victory over us, which to accept? In this, if I fight, it is dharma, a plus, however, Guru Vadham, is a minus point. Also, having to live in the forest and on alms is another minus point.

Shloka # 7:

Swamiji says human being is born ignorant. Ignorance is not a sin. We are "Self" ignorant as well. Perpetuation of ignorance is, however, a sin.

Arjuna says: My mind and intellect are incapacitated. It is not able to function. My intellect cannot discriminate. My intellect is afflicted by my misery. My confusion is with respect to dharma and adharma. Himsa is adharma. Killing one's

own people is adharma. Killing one's Guru is certainly adharma. On the other side, Kauravas are the embodiment of Adharma and we need to fight them. What is my dharma, Sri Krishna? Tell me what is good for me. I am your disciple. I come with an open mind. I am surrendering at your feet.

Swamiji says a wise person does not give advice unless the other person requests for it. So, here also, Sri Krishna was waiting for Arjuna to ask for his help. The word Prapanna means surrender. Falling at the feet, Sharanagathi, is one way of surrendering. In this process the other person becomes the Guru. If I have to become a teacher, I need at least one person to ask me to teach him or her. So, here Arjuna has become a disciple and Krishna the Guru. After surrendering also there are expectations. Mantra Upadesha cannot remove ignorance. In such instances, a teaching that distinguishes between the right versus wrong is required.

Swamiji say advice does not help. Advice is a short-term direction and person keeps coming back for advice every time he faces a problem. Teaching, however, is for the long term and teaches how to make decisions. Advice makes one dependent while teaching makes one independent. Swamiji gave example of giving a person a fish versus teaching him how to fish.

Shloka # 8:

Arjuna says: My grief is so intense that it dries up all my organs. My thinking faculty does not function. Can I do something to escape from this sorrow? I do not see any method to remove this sorrow other than your teaching. I may choose to fight, I may win, I may become a king and get an unrivalled kingdom, but I cannot remove my grief. (Swamiji says, money may buy food but it does not remove hunger.) Even If I became Indira, it will not solve my problem. Worldly accomplishments cannot solve my problem. So, he asks Sri Krishna to help. Swamiji says, at this stage, Arjuna has to go for a spiritual

goal and hence he needs a guru.

Shloka # 9:

Sanjaya now says: In this manner Arjuna surrendered to Sri Krishna saying, I am not going to fight nor am I going to run away from battle. I want to hear from you (Sri Krishna) and then decide.

Swamiji gave some definitions:

- Paramtapa: Destroyer of enemies.
- Gudakesha: means master of Tamoguna or Satva Guna Pradhana. Human mind swings from Rajasic (very active) to Tamasic (dullness), while the Satvic mind is in the middle as a non-extrovert, but wakeful mind.
- Govinda: Protector of the world, is the Shastric meaning. Another meaning is, Go means scriptures, and Vinda means one who has grasped the scriptures. To this Govinda Arjuna surrenders. Ha: Means everything has become quiet.

Shloka # 10:

Sanjaya continues:

Oh Dhrithirashtra, Lord Krishna accepted the offer of Arjuna and taught him the Gita Shashtra sitting between the two armies. The Gita Shashtra begins from Shloka 11 of Chapter 2 and continues till Shloka 66 in chapter 18.

With my good wishes,

Ram Ramaswamy

# Prasna Upanishad, Class 9

Greetings All,

Swamiji continued his talks on Prasna Upanishad.

Second Question, Shloka # 6:, Swamiji said all mantras from #5 to # 13 are Prana Devata Sruthi or praise. Refreshing our memory on Shloka 6, he says all 10 Gyanendriyas are able to function because of Prana Shakthi. At Samashti (cosmic) level each Gyanendriya is also a Devata. Thus Hiranyagarbha Devata represents Prana. All Devatas are able to perform due to Prana Shakthi. At our individual level also we are able to perform due to the Prana Shakthi.

All powers in creation (rain, planetary motion, gravity, atomic etc.) perform because of one basic power called Prana Shakthi. When we worship Prana Shakti it is not the material aspect of the Shakti we worship, rather we are worshipping the intelligence behind the Prana Shakti. Although we are aware of the solar energy, the Shakti, the one we worship is Surya Devata, the intelligence behind it.

Upasana is always performed of an Utkrishta Vastu (A superior force). When we worship Chetana it is spiritual worship rather than worship of a material or inert substance. Swamiji says we should worship Shakti with Shiva. Shakti is the energy while Shiva is the intelligence principle behind Shakti.

Mantra # 6: Discussing this mantra, Swamiji says, the spokes are the many powers while the hub is the Prana where they get their power. Swamiji says rituals or Yagnas are performed in Rig, Yajur and Sama mantras. Yagnas have meaning when there is somebody to perform them. Thus:

Kshatram: means Kshatriya who performs the Yagna of protecting the Yaga and the Brahmana who performs it.

Brahman: Is the one who performs the Yagnas.

Prana Shakti supports all of them.

Mantra # 7:

Continuing praise of Prana Shakti, He says, Prana is the lord of Brahma, Rudra and Vishnu. They are divisions of Prana Shakti. This power is available in every being i.e., power of reproduction and propagation. It is divided into male and female. Every male and female has the creative power. Only when a male and female join a child is born. You alone are later born in the form of parents. Thus, all Beings are giving oblation to you alone. Each sense organ gives oblation to the Prana Shakti. When this offering or Oblation is stopped, death occurs.

Swamiji says each indriya has a Shakti such as Shrvanam, Darshanam etc. They are all manifestation of the Prana Shakti.

Mantra # 8:

You are the greatest carrier of Oblations. You are Agni, the carrier of oblations. You are the first oblation given to forefathers.

Before any puja, one has to perform Naandi Shradha, a worship of ancestors. This great Karma is performed for Kula-Parampara and Kula-Dharma. This offering is known as Shradha. The offering of Annam is also Prana Shakti.

The way of life of Rishis is the truthful way. Hence we remember them. Atharva and Angirasa are mentioned as Rishis.

Shankaracharya gives a different interpretation: He says Rishis are sense organs. Sense organs know color smell etc. Atharva is another name for sense organs. Angirsa is also another name for sense organs. Their functions nourish the individual Prana Shakti.

Mantra # 9: Hey Paran , by your power you are none other than

Indra or Rudra, the protector. You are moving in the sky as the Sun or as Vayu in the Anthariksa.

Every cause has an effect. Thus Brahman>Maya>Akasha>Vayu>Prithvi are examples of cause and effect. Prana is the cause of everything, says Swamiji.

Manta # 10: Here Prana is praised as rain. Hey Prana, You alone are poring as rain. All people become full of Ananda because sufficient food will now be available. Swamiji says our very living depends on rain.

# Baghawat Geeta, Class 11

Lecture 11 Notes : Bhagavad Gita Chapter 1 Summary 1/09/16

Swamiji gives a Summary of Chapter 1 and an Introduction to Chapter 2.

Summary of Chapter 1

To live a healthy life – consider these 2 factors:

1. The surroundings should be hygienic so that it doesn't cause diseases. This is an external factor; objective factor (the environment)
2. A person's body must have sufficient resistance to face the external world; build up immunity in your body. Subjective factor (immunity)

In addition to having a sterilized environment for surgery, the patient also needs to resistance. All vitals conditions are checked in order to proceed with the surgery. A physically healthy life depends on objective and subjective factors. The environment alone is not responsible for giving you the disease. You also have low immunity to catch it.

This same principle can be extended for mental health as well. Mental health means a mind free from all psychological diseases in the form of fear, anxiety, stress, strain, worry, jealousy, anger, inferiority complex (Kama, krodha, lobha, moha, madha, maatsarya are all psychological diseases). We have a tendency to blame the external factors ie. the world is responsible for my worry, my spouse is responsible for my tension, etc. Scriptures point out that we need to consider two factors for mental health. The external world is not totally responsible for my psychological problem. The weakness of the mind is also responsible for our psychological problem.

For a healthy life the environment and sufficient resistance are needed. For a healthy mental life (a secure, relaxed, happy life), you need to consider the environment and having sufficient mental strength to face the situation.

There are three benefits of having a strong mind. The number of psychological problems:

- frequency is less (thus family is saved)
- intensity of anger, frustration is less.
- duration of these are also less

The frequency, intensity and duration of these mental diseases are less in a healthy mind. The after effect is also less. So, a psychologically healthy, happy life requires taking care of

1. adjusting the external conditions
2. improving one's own resistance

We usually only look into the external conditions. Vedanta talks about the subjective factor – your own inner strength. This freedom from mental diseases caused by external factors, is called mokshaH.

Swamiji recites from Chapter 2, Verse 56:

ॐ नमो भगवते वासुदेवाय ॥ ॐ नमो भगवते वासुदेवाय ॥

Lord Krishna says a jnani, a free person, also faces adversities but his resistance is very healthy and thus he is not shattered to handle this problem.

The subject matter of Gita is to strengthen the inner resistance (not change the external world) to obtain freedom from psychological disturbance. This is called mokshaH. Gita is also called "Moksha shaastram". Gita is meant for people who recognize that they have to improve their resistance (being aware of their psychological weakness, their susceptibility to raga, dvesha, kama, krodha, etc and being aware of its affects on other people too).

Chapter 1 of Gita gives an introduction with Arjuna discovering that he has an inner weakness. And before he can change the world, he needs to strengthen himself. Arjuna discovers his weakness, and becomes a spiritual seeker, surrendering to Lord Krishna. Lord Krishna then gives him self knowledge. .

The first chapter can be divided into five parts:

1. Part 1: Vyasa presents the context, in which Arjuna feels the disease of samsaara; Verses 1-20

The context is the MB battlefield. In Kurukshetra, the Pandavas and Kauravas have gathered to settle their issue. Arjuna is very clear about the battle, he does not have any conflict or guilt because this war was the last resort after unsuccessful non-violent methods. Lord Krishna also goes as a messenger and tries to settle peacefully. But Duryodana tries to kill Lord Krishna even though he is just a messenger. Therefore, Arjuna, has come to the battlefield without any regrets. Duryodana enumerates the Pandavas' army and his won army to Drona. And he betrays his diffidence that the Pandava army is stronger. This is caused by adharma. In reality, Duryodana's army is stronger but the support of Dharma is not

there. Seeing this, Bhisma enthuses Duryodana by blowing his conch. Then both sides blow the conches signaling the beginning of the MB battle.

### 1. Part 2: Arjuna goes near the Kaurava army to see them at closer range. Verse 21-25

Arjuna feels somehow that he should closely see whom he has to fight. This decision was a blessing in disguise even though it seemed it was not a good decision to delay the start of the battle. If this hadn't occurred, we would not have the Bhagavad Gita.

Swamiji recites Verse 20 and the first line of Verse 21:

॥ अर्जुन उवाच ॥ द्रुपदो वीर्यवान् द्रुपदो वीर्यवान् ॥

॥ द्रुपदो वीर्यवान् द्रुपदो वीर्यवान् ॥ द्रुपदो वीर्यवान् ॥ 1.20 ॥

॥ द्रुपदो वीर्यवान् द्रुपदो वीर्यवान् ॥ द्रुपदो वीर्यवान् ॥

॥ द्रुपदो वीर्यवान् द्रुपदो वीर्यवान् ॥ द्रुपदो वीर्यवान् ॥ 1.21 ॥

Arjuna requests Lord Krishna to place the chariot in between the two armies so that he can see his opposition. At this time, Arjuna is the master (not a student) and Lord Krishna is the humble charioteer (not the Guru). Lord Krishna obeys Arjuna and places the chariot in front of the people towards whom Arjuna has a strong attachment.

### 1. Part 3: Arjuna's discovery of his weakness and the consequent problem of RagaH. Verses 26 – 28

The first weakness presented is the problem of attachment or psychological dependence on external factors. This is called a weakness because psychological dependence for your happiness is no longer in your own hands but it is connected to external factors. Since the external factors are not under your control, depending upon an unpredictable, external factor is risky for your happiness. You should not allow an external

factor to determine your state of happiness. For example, the disobedience of your child causing you sorrow is due to the fact that you are depending on your child being obedient for your happiness(external factor). This displays your lack of resistance. Vedanta says that you should not depend upon a certain condition to be happy. This psychological need or dependence is called the problem of ragaH. Arjuna has this problem because he expected these people to be around him all the time and could not imagine even a hypothetical separation. Arjuna imagined a life without Bhishma, Drona etc. and broke down.

संसारं साक्षात्कृत्य संसारं संसारं – Verse 28, discovery of RagaH (basic samsaara), psychological leaning. Physically, we depend on the world for food, clothing and shelter. Vedanta does not talk about physical independence but talks about emotional/psychological dependence, which is not required at all.

Gita's ultimate lesson is: आत्मा एव साक्षात्कृत्य "atma, alone, by yourself, pleased" I am happy with myself, in spite of external factors being favorable or unfavorable. (Sounds so much sweeter in Samskritam).With any addiction, you imagine that you cannot do without it. This is not true. This is your intellect justifying your addiction. Don't have a crutch.

#### 1. Part 4: ShokaH (consequence of RagaH) or VishadaH Verses 28 – 35

The title of the first chapter is Arjuna Vishada YogaH. Grief or sorrow is an inevitable consequence of dependence (leaning on an unpredictable, perishable, external factor). Arjuna faces this deep attachment आत्मा एव साक्षात्कृत्य आत्मा एव साक्षात्कृत्य . The intensity of grief depends on the intensity of attachment. For Arjuna, his intense sorrow was overflowing into the physical body also.

आत्मा एव साक्षात्कृत्य आत्मा एव साक्षात्कृत्य

# 1. Part 5: MohaH(consequence of RagaH and ShokaH); conflict, confusion, indecisionVerse 36-47

Delusion, not able to determine what to do; MohaH or avivekaH. Arjuna can't decide whether to fight or not and draws a series of wrong conclusions.

Confusion 1: Arjuna sees Dharma Yuddham as adharma now. The greatest irony is in Verse 36 line 2 where Arjuna says: □□□□ □□ □□□□□□□□ □□□□□□□□ □□□□ □□□□□ □□□□□□□□ "By killing these criminals, we will incur sin". This confusion is similar to a judge saying he cannot render punishment to a criminal, as it is a sin. Imprisoning a criminal is a duty of the court. Arjuna as a Kshatriya has to protect dharma, even if it resorts to war.

Confusion 2: Arjuna sees running away from a righteous war as dharma. If a Kshatriya runs away from a righteous war, he is shirking his duty, which is considered a sin of omission. The sin of omission is called □□□□□ □□□□□□□□□□□ "akaraneY prathavayaH" (absence of action is a sin).

The 2nd type of sin is Sin of commission. Note – A common thread in all religions:

Sin of Commission – committing an amoral act

Sin of Omission – failure to do some ritualist act

If Arjuna runs away , this action is paapam for him but he sees this as the best decision. □□□□ □□□□□ □□□□□□□□ "dharma adharma avivekaH" – utter delusion where he cannot distinguish between dhaarmic and adhaarmic actions. Arjuna's delusion is complete and it has overflowed into his intellect. The intellect will not be able it fight the weakened mind and so

the intellect will justify the weakness.

Confusion 3: Arjuna's intellect tries to justify his delusion by telling Lord Krishna:

संसारं कुरुष्वैव न संन्यासं नृणां धर्मो नृणां  
संसारं कुरुष्वैव न संन्यासं नृणां धर्मो नृणां1.40

In his argument, Arjuna points out that family is very important for maintaining culture. This is a true statement. A society in which family life is not respected, culture will breakdown after one generation. The eternal dharma will be destroyed, pitr will be affected, people will lose faith in karma, rituals, dharma, religion, God, etc.

Due to his confusion, Arjuna quotes these true facts incorrectly to support his stand. RagaH, ShokaH and MohaH (attachment, sorrow, delusion) are called samsaaraH. A samsaari is one who suffers from these three problems. If a person handles these three samsaaraH, he is a liberated person मुक्ता (muktaH). Throughout Gita, Lord Krishna emphasize, married or unmarried, being internally free is what matters.

Even though Arjuna has discovered the problem of samsaara, Lord Krishna has not started giving the solution yet. Discovery of the problem alone is not enough for the solution. Some more steps are required.

1. Diagnosis of having the problem(know that you have a problem); Discovery of problem. But when we discover the problem, we try self medication first. Only when you realize that you cannot solve it yourself, do you go to the next stage of feeling....
2. Discovery of helplessness (know that you cannot solve the problem) I have a problem don't know how to get out of it; I require help from another firm person Vedanta Shastra संसारं कुरुष्वैव न संन्यासं नृणां धर्मो नृणां "Dainya bhavaH" affliction, state of being; or संन्यासं कुरुष्वैव न संन्यासं नृणां धर्मो नृणां "kaarpanyam" pitiful circumstances.

We will be studying this in Chapter 2:

00000000000000000000 00000000 00000 0000000000000000  
 0000000000 0000000000000000 000000 000000 00000000000000 00000 000  
 000000 00000000000000002.700

1. Surrender to someone who will give me a hand. Called शरणागति sharanaagati
2. Solution is given, Medication Arjuna has only gone thorough the first stage – discovering the problem of samsaaraH. Arjuna has to go through stages 2 and 3 before Lord Krishna gives his advice. Therefore Lord Krishna observes silently. Since Lord Krishna has not spoken, Arjuna thinks his conclusion is right and so throws down his bow/arrow and sits down in the chariot.

So, Vyasa completes the first chapter by saying that Arjuna sat down, afflicted by shokaH (ragaH shokaH mohaH):

[illegible]

## Introduction of Chapter 2

Chapter 2 gives a comprehensive picture of the whole “treatment” (for the disease) as given by the Gita. This chapter is the essence of the entire Gita and it can be divided into 4 portions. Swamiji gives a high level overview.

Portion 1: Arjuna surrenders to Lord Krishna; अर्जुनस्य शरणागति Arjuna sharanaagati Arjuna going through the other stages(he discovers the helplessness). Arjuna decides to quit the battlefield but his inner conscience feels that this is not a good decision. The decision to go to war was made after years and years of adhaarmic actions done by the Kauravas. This was a sudden decision to quit the battle. He realizes that he is confused and not able to make the correct decision. He knows he cannot solve the present problem.

Swamiji recites Chapter 2, Verse 6, Line 1:

0 000000000000 00000000 000000 000000 00000 0000 00 00 00000000  
 000000 000000 0 0000000000 0000000000000000 00000000  
 0000000000000000000000002.600

Hey Lord Krishna, I thought I had made the right decision but now my mind is wavering and I am not able to determine if my decision is right or wrong. On one hand, the war is for a dhaarmic cause; but my emotional mind is unable to come to terms with knowing the casualties of war (my guru and other relations). Arjuna realizes his wavering and accepts his helplessness by saying(Ch 2, Verse 7, line 1):

[illegible]

Once he discovers his helplessness, he needs to surrender to some one. Voilà, he has the Jagadguru himself (universal guru). Arjuna surrenders and says (Ch2, Verse 7, line 2):

00000000 0000000000000000 000000 000000 000000000000 0000 000  
 000000 00000000000002.700

I am your disciple. The 3rd stage is surrendering (1st is discovery of the problem; 2nd is feeling helpless). The 4th stage is where Lord Krishna accepts the disciple Arjuna and gives the solution.

Gita Shaastram: गीताशास्त्रम् ; श्री गुरुः श्री गुरुः

Worldly illusion, warding off, medicine; state of being, disease, remedy The spiritual pursuit is two-fold:

1. Karma YogaH – to become a Jnana Yogyata
2. Jnana YogaH – to gain Jnanam

Portion 2: Krishna briefs Arjuna about Jnana YogaH; self-knowledge given to a Jnana Yogyata praptiH Jnana YogaH is self knowledge. Krishna will explain “self-knowledge” briefly . But in order to gain Jnana YogaH, one needs to be eligible to

receive Jnanam(already be a yogyata praptiH).

Adi Shankara said Brahma Jnana is aushadam. The medicine is Jnana yogaH(disease removal). A Jnana yogyata(worthiness to get Jnanam) is required; medicine will be given only for a yogyata praptiH(one who has acquired the eligibility).

Portion 3: Krishna talks about Karma YogaH: Actions taken to become a Jnana Yogyata praptiH Krishna explains how to become a योग्या योग्यायोग्या “Yogyata praptiH” (one who has acquired the eligibility to learn). Karma YogaH are the actions to be taken without being attached to the results of one’s deeds. The benefit of Karma YogaH is Jnana yogaH yogyata.

Portion 4: Jeevan MuktiH: Inner Freedom, Salvation: Explore the life of a psychologically healthy person, who has developed inner resistance, and who has solved raga, shoka, moha.

योग्या योग्या योग्यायोग्या “Nandati nandati nandatyeva” Rejoice, rejoice, rejoice! A psychologically healthy person enjoys life thoroughly.

## Prasna Upanishad, Class 7

Important points made by first section:

Shristi is the first point: Life and death are not opposite but complementary pair of nature; similar is growth and decay. We must accept the pair. Shrusti as a form of mithunam. Five shristies mentioned in the first section are:

1. Mithuna shristy
2. Loka shrishty

3. Kala shristy
4. Anna Shristy
5. Prajapathi

Second point is Chukla Krishna Gathi topic was discussed after shrusti as a diversion.

Third point is discipline of brahmanacharyim

## Second Section

Para vidhya and apara vidhya are from Mundaka Upanishad. Apra Vidhya or preparatory knowledge consists of karma and upasana. First chapter of Mundaka Upanishad elaborately discussed karma (e.g. agni hothram) but upasana (mental activity for saguna brahman) was not discussed in detail. Physical activities like pooja are not upasana. Vedanta is mental activity for nirguna brahman.

Second section: Hiranyagarbha (prana) sthuthi. Prior to upsana, the upsana deity should be glorified.

Hiranyagarbha is consciousness with the total (all) subtle body. This total subtle body is available as individual subtle body for everyone. Of the 17 organs of sukshma sareeram, prana is the most important one. Prana keeps body alive. Also during sleep, all sense organs come to a standstill except prana.

Third Section: Hiranyagarbha (prana) upasana is samashti prana, because Hiranyagarbha blesses everyone as prana.

V1

Question: What are the devadas that sustain the people (sareeram)? Devadas are various factors or principles behind every inert object. This consciousness principle is called Devada. Sun is not just an object, but when we consider that sun is pervaded by Eeswara, we call it Surya Deva. Each principle is called deva for this reason. So the first question is how many devas are sustaining the sareeram. Second

question what principles (devas) are publicizing their own glories. Third Question is among these devas who is the greatest devada?

V2

First principle sustaining the sareeram is 19 devas. because it provides a place to live. The 24 devas are:

- Panca Botham (akasa – space, vayu – air, agni – fire, apaha – water and prithvi – earth)
- Panca indriyam (hearing, touch, sight, taste and smell)
- Panca karmandhra (Vak – express, upasatha – procreate, payu – excrete, Pani – grasp and Pada – move
- Manaha
- Budhi
- Ahangaram
- Chitham

All 19 devas except prana claim they are the most important.

The rest of the section is answer to third question.

## Prasna Upanishad, Class 3

Greetings All,

Swamiji continued his talks on Prasna Upanishad. He cautioned that the Upanishad in following Shlokas may be a little confusing and that he will try to make it as simple as possible to understand.

Discussing Shloka # 3, Kabandhi Katyayana, wanted to know the order and manner in which creation came out

Shloka # 4: The teacher Pippiladaha answered by introducing Hiranyagarbha. He says, Brahman created Hiranyagarbha. Hiranyagarbha, in turn, created the creation. Hiranyagarbha performed Tapas. Tapas here meant the ability to visualize the previous Srishti or Creation. All Karmas of creatures must be kept in mind including their different fields of activity. This visualization is called Gyana. Here God's Sankalpa is the basis of creation. Thus, Srishti consists of:

Mithuna Srishti

V

Loka Srishti

V

Kal Srishti

V

Anna Srishti

V

Praja Srishti (The final stage of creation of all Beings.)

Swamiji says, this shloka, while discussing creation is also discussing some other things. Shankara's commentary helps us better understand this sholka. Pippilada, while discussing Srishti, also discusses Karma and Upasana. Those who perform Karma will get Swarga through Krishna Gathi. Those who perform Karma and Upasana will get Shukla Gathi and this will lead them to Brahma Loka. This is known as Apra Vidya, consisting of Karma and Upasana.

Pippilada brings up Karma and Upasana while discussing Srishti. Why does he do so? What is its benefit? Swamiji says it is discussed for Vigyana Sidhyartham. Both Karma and Upasana do not give Knowledge, while I require knowledge. Moon Srishti is considered Swarga Loka while Sun Srishti is considered Brahma Loka. Dakshinayanam is Krishna Gathi, while Uttarayanam is considered Shukla Gathi.

Mithunum:

Discussing this first of the five stages of creation, Prajapati first created a pair. They are called Rayi and Prana. Rayi and Prana are two concepts. When two things are mutually complementary that pair is called Mithuna. Examples are day and night together make a full day. Utarayana & Dashinayana; Positive and negative charges; thus whole creation is made of such mutually complementary pairs. Life and death is another example that makes up Life. Male and female are also relative pairs.

Introducing concept of Bhoktha (Subject or Experienter) and Annam (Object or experienced) Swamiji says Subject cannot be complete without an object. This relative concept is created first by Prajapathi. Rayi and Prana is also such a pair created by Prajapathi so that they may create many more living beings for him, the Grand Father (Prajapathi) of all Beings. Thus Rayi can be the egg and Prana the sperm, depends upon which principle predominates.

Shloka # 5:

Loka Srishti:

After Mithuna the next Srishti is Loka Srishti. This will require a pair of Lokas that are mutually complementary. They are the moon and sun loka pair. Day is presided by sun and night by moon, thus a full Day is maintained. This makes life. Sun presides over activity while Moon presides over rest. Here Sun is Prana and Moon is Rayi.

Swamiji says the Upanishad now takes a diversion from here up to Shloka # 8. A deep analysis of Rayi and Prana discloses that both are one and the same deep inside. So we can say, everything is Rayi or everything is Prana. This naming is only superficial. Steam and Ice are identical. Both are water in different states. Steam is Amurthy (without form) while Ice is Murthy (with form).

Rayi is essential nature of Prajapathi.

Prana is essential nature of Prajapathi.

Prajapathi has become both or male and female. They, in turn, produced more off springs. Rayi alone is everything. Whatever is Amurthy is Prana, while Murthy is called Rayi. Also, Prana alone is everything, since Surya is Prana.

With good wishes to all,

Ram Ramaswamy
