An Excellent summary by Ram Ramaswamy.

Moving on to Part 2, Cantos 3, Mantra Swamiji says this third and final section of Katho Upanishad deals with Atmavidya, Brahmavidya Sadhanani and preparation for Brahmavidya.

Mantra #1: This is an important mantra. It deals with nature of Brahman. Yama now compares Creation to the Ashwatha Vriksha or Pipal Tree. Shankara in his commentary says there are many things common between the two. Describing them, he says:

1. Both are vast in size.
2. Both do not have a beginning or end. Thus, the tree was from the seed of another tree and so on and on until we do not know when it started. So also with Creation. It came into being due to Karma. Karma came into being because of creation. This endless paradox has been going on and knows one knows what started it all. The same is true of Creation itself. One creation after another keeps coming in an endless parade.
3. It is inexplicable. We cannot say which is the cause and which is the effect. Is the tree the cause or the seed? Same with free will and fate, they are all mutually dependent.
4. There is an invisible root underneath the tree that nourishes it. It is also the cause of the tree. It is same for Creation. There is one invisible root called Ishwara.
5. Both have branches spreading widely. Some are upper, some middle and some lower. So also with Creation; you have Bhu-loka, Patal-loka etc.
6. Both bear fruit, called Phalatwam. Every tree bears fruit. Some are sweet, some sour and some a combination.

So also with Creation, we have Sukha, Dukha and Mishraphalam.

7. Because of the fruits, many birds nest on the branches that support them. It is a very noisy tree. Thus also with Creation that provides Jivatma (birds in the body) to nest in the Bhu-Loka branch. Sometimes the nest changes to another higher or lower branch or Lokas. The world is a very noisy place says, Shankara, full of music, laughter and wailing.
8. Even this large and powerful tree is moved by powerful winds. So also Samsara is moved by Prarabhda Karmas. Swamiji clarified that Prarabhda Karma includes my karma as well as karma of my surroundings.)
9. Swamiji says, even this large endless tree can be uprooted. Cut off the branch, trunk and root and it permanently destroy the tree. So also the sword of Knowledge can destroy this Samsara. The aadhara of Samsara is the Atman, says Swamiji. Just as one holds on to the chain link when taking a dip in the fast moving river, so also hold on to Brahman even as you dip into this fast moving Life, says Swamiji. There is nothing that can exist outside the Brahman.

Elaborating further, even the biggest dream is in the Waker. Nachiketas asks Yama why are you talking about Brahman when I wanted to know about Atman. Yama tells him: You are everything. You are Brahman.

Mantra # 2:

Providing further clarification Swamiji says, Brahman is the intelligent cause of life. Just as dream world emerges from the Waker, everything emerges and functions in presence of Brahman. He is the creator and maintainer of everything.

Swamiji says Brahman also polices this Creation ensuring the Universe functions in an orderly manner. This policing intelligence is also called Ishwara. Those who know this

achieve immortality. Swamiji adds every suffering we undergo is a punishment for some violation. Every violation of Dharma results in sorrow.

Suggested Practice:

Mr. and Mrs. Narayan recently visited Swamiji during their trip to Chennai. They informed him of our group's activities. Swamiji was very happy. He suggested that the Vedanta group read and practice the teachings of Chapter 17 of the Geeta. This chapter deals with the Gunas or our qualities.

Discussion Summary September 20, 2015

In today's class, Swamiji continued verses 11 to 15, of the third section of the second chapter of Kathopanishad. The subject of these verses are nature of paramatma, jivatma/paramtma aikyam and benefits of jivatma paramatma aikyam. Swamiji continued to mention the common features of surya prakasha (sun light) and chaithanyam or atma:

- They both are ekam, only one, without a second
- They both are all pervading
- They both are formless
- They both are indivisible
- They both are not tainted by any impurities; the impurities of sukshma sareeram do not affect atma because atma is higher than sukshma sareeram. This is very similar to the pictures projected on a movie theater screen; the screen is not affected by flood or fire that is projected onto the screen.
- They both illumine everything. Sun light illumines all

objects; everything internal and external is known only because of atma or chaithanyam

Consciousness does not need matter for existence; consciousness need body/mind complex only for manifestation, but consciousness can exist without body/mind complex. Consciousness does not depend on matter, but matter needs consciousness. Consciousness remains one but seemingly appear to be many because it manifests into many objects, and as a result we mistakenly think that the consciousness in one person is not the same as the consciousness in another person.

Yama dharma raja says that all pervading consciousness resides in your own self, in the form of witness principle, I the experiencer. Only rare seekers recognize this fact. Paramatma is neither inside you nor outside you; it is you. The seeker who recognizes this wisdom gets everlasting happiness and permanent fulfillment.

Explaining verse 13, Swamiji states that Paramatma is there in every sentient being in the form of consciousness. This consciousness with the power of Maya is Eeswara, and Eeswara fulfills all desires.

Brahmananda, the superlative, unexplainable, everlasting ananda, is never an object of experience because Brahman is not confined by time and space. Brahmananda is the nature of consciousness itself. One can get Brahmananda in the form of wisdom that Brahmananda is the very consciousness, I myself. Sunlight, moonlight, star lights, flashes of lightening or fire do not illumine consciousness. But all these are illumined and known because of consciousness. Swamiji says everything is known only because of self-evident consciousness.

This document was created by John Manetta and is class notes for one of the discourses given by Swami Paramrthananda. The term Vedanta may sound overwhelming, but this document explains many subjects like the organization of Vedic scriptures, creation, karma and ends with an introduction of Tattvabodha (Self Knowledge)
