

Three Gunas

Bhagwat Gita

Three Gunas to Monitor One's Spiritual Progress

In Chapter 14 of Bhagwat Gita, Lord Krishna defines and describes the three gunas: Sattvic, Rajas and Tamas. In subsequent chapters, Lord Krishna classifies many of our daily actions and sadhanas into these three types.

Swami Paramarthananda has translated Bhagwat Gita for use by his students. Many students use these translations, published by chapter in book form, to chant the verses when attending Swamiji's Bhagwat Gita classes. In the introduction to Chapter 14, Swamiji has presented and analyzed the three gunas in a chart form. In subsequent topics, he presented the classifications of some karma and sadhana in chart forms.

Based on Swamiji's teachings of Bhagwat Gita, I somewhat expanded these charts to include teachings from Chapters 16, 17 and 18. The first chart defines the three gunas and the subsequent charts classify actions and sadhanas into these three gunas. I believe these charts give guidance on how to understand the three gunas, classify actions into the three gunas and try to improve the quality of actions. According to the scriptures we can improve the quality of actions by eliminating tamasic actions, reducing rajasic actions and increasing sattvic actions.

Please note that my knowledge of Sanskrit is very limited, and these charts may reflect that limitation.
