

# Baghawad Geeta, Class 141: Chapter 11, Verses 1 to 3

Continuing his teaching, Swamiji said, having completed chapter 10 known as Vibhuti Yoga, now we are entering Chapter 11 known as Vishwarupa darshana yoga. The word yoga attached to each chapter refers to the episode or the topic. So vishvarupa darshana yoga means the episode, which deals with vishvarupa darshanam. It means Vision of God as Vishwa rupa. What is Vishwa rupa? Rupa means form and Vishwa means world, or Lord whose form is the very universe itself. Then the question comes up, how to get such a vishwa rupa darshanam? When a devotee wants to see God such as Rama, Krishna or Devi, scriptures tell us how to get that darshanam. **Scriptures prescribe tapas or meditation or concentration. The devotee decides which form he wants to see. Then he concentrates on that form as per dhyana shloka. He has to learn the dhyana shloka to be able to concentrate on that form.**

He has to visualize that particular form and generally a mantra is also taught, just as narada taught mantra to Dhruva, Prahlada etc. and the devotee has to do the Purascharanam of that mantra; Purascharanam means you find out how many letters are there in that mantra; say if there are six letters, you multiply it with as many lakhs; say if it is Gayathri mantra with 24 letters then japa is performed either for 24 lakhs times or 24 crore times. So you do dhyanam; you do Purascharanam, as described in the scriptures; and if a person follows this kind of tapas, the shastras prescribe that the devotee will have the darshanam of the Lord in that particular form.

This is not our mental projection, but the Lord himself through his maya Shakti gives darshanam, in a particular form, to the Devotee. And this exercise is called Devatha sakshatkarah.

Thus devotees such as Tyagaraja and Meera have had darshanam of Rama, Krishna, respectively. Now the question is if he wants to have a vision of God as the world itself, how to do it?

Do we have to invite god to come in form of Vishwa rupa; if so, we have not understood the meaning of Vishwa rupa darshanam. Vishwa rupa means I want to see God as world, but I can't invite him in this form as he is already in this form. What then should I do to obtain darshanam in the form of the world?

**There is only one answer. I have to learn to see the world in the form of god.** I should learn that this very world is Ishwara, and then Ishwara alone is giving darshanam to me in the form of the world. There is no other method.

Japa mantras are for Rama, Krishna darshanam, not for Vishwa rupa darshanam. If so, how do I train myself? Here again there is only one method; I must assimilate the teaching that God is material cause of the universe and that he alone manifests as the universe. Here, every vision in front of me is a different version of God. I should clearly understand this teaching and with this my perspective changes. **This new perspective is called Divya Chakshu or the mystical eye.**

Citing an example, some one gives you a laddu and then tells you it is from Tirupati temple; then immediately your perspective changes; you now, consider the laddu a prasadam and you first apply it to your eyes before eating it. The status of prasadam is not physically evident; it comes from understanding that the laddu is from Tirupati. **This prasada is adrishtam or divination of laddu through a change in perspective.**

This is the idea communicated by Sri Krishna here. He teaches us as to how to look at world as divine; then I will see that god is giving darshanam all the time, to us.

Sri Krishna says it is better to have God's darshanam 24 hours rather than one, which comes and goes (Aya Ram Gaya Ram). This nithya ishvara sambandha is Vishwa rupa darshanam obtained by a change in perspective through the teaching.

So Vishwa Rupa darshanam is not like Rama, Krishna darshanam. Here you see God everywhere as described in Chapter 11.

**Shloka # 1:**

शुभं कथयस्व मया श्रुतं  
वैश्वरूपं त्वया श्रुतं  
वैश्वरूपं त्वया श्रुतं त्वया श्रुतं त्वया श्रुतं 11.1

**By the words You have spoken, supreme, occult and spiritual, in order to bless me, this delusion of mine has gone.**

Here Arjuna addresses Sri Krishna. In the first eight verses, we get an introduction to the topic of Vishwa rupa Darshanam and it begins with the Arjuna's summarization and what he has learned in the previous 10 chapters

In two shlokas he summarizes his learning so far. In shloka # 1 he summarizes chapters 2 through 6 that he says is essence of Jiva rupa varnananam or essential nature of Jiva. Physical body is only a temporary dress, which will be shed at death. Similarly mind is also a temporary instrument that I use in waking and dream states but shed in sleep.

Therefore neither body, am I; nor am I the mind; but I am of the nature of chaitanyam; the consciousness principle. And do you remember the description of consciousness I have given. Consciousness is not a part, product or property of the body; consciousness is an independent entity which pervades and enlivens the body, consciousness is not limited by the boundaries of the body; and consciousness survives even after the fall of the body; that eternal all-pervading consciousness is my nature. Sri Krishna gave a brilliant description of this essential nature of Consciousness, in the 2nd chapter from the

12th shloka, up to shloka No.25. Then he talked about that in the 3rd chapter, in the 4th chapter and in the 5th chapter.

Thus, in Chapter 2, shlokas 12-25, Consciousness is the focus. In Chapters 3, 4, 5, nature of Jiva is presented. Arjuna says I have understood all that very well.

Teaching given by you, purely for blessing me, is for saving me from sorrow (Arjuna Vishada Yoga). They are most sacred words that reveal atma, the reality. They are greatest secret not easily available in the world, from a rare Gyani. The words are spiritual teachings. Through this teaching my delusion is gone.

So you should remember the context of the Gita teaching; Arjuna surrendered to Lord Krishna due to his confusion. On one side, my mind says killing my kith, kin and Guru is not OK, but on the other side I can kill for protection of dharma. Now my doubts are getting cleared regarding confusion as to what is right and wrong. It is confusion about ethics and philosophy. Gita deals with ethical and philosophical confusion.

**Normally the veda purva bhaga is meant to resolve**

**ethical conflict; veda antha bhaga is meant to resolve philosophical confusion.** Gita is a unique Shastra, which deals with ethical conflict; as well as philosophical confusion. And therefore Arjuna says; I am getting clearer and clearer.

**Shloka # 2:**

ॐ नमो भगवते वासुदेवाय ॥  
ॐ नमो भगवते वासुदेवाय ॥ ११.२ ॥

**About the birth and dissolution of beings I have heard from You at length, O Lotus eyed one! As also about your immense grandeur.**

Arjunas reverence for Sri Krishna as a teacher is increasing.

The word Kamalapatra in shloka means God with Lotus Eyes or eyes like lotus petal that describes God's inner beauty. This was dealt with in Ishwara swarupa chapters 7-10. Chapter 8 is an odd man out. You defined God as jagat karanam. You defined God as material cause of universe. Out of god alone universe comes, rests and resolves; that is Srishti, Sthiti and Laya Karanam. Everything comes from you alone. If waves are born from ocean and resolve in ocean, then there is no separate wave from ocean.

All the things and beings; this whole creation of things and beings is from you alone, as the very adhara, as the very ashraya. That means what? If waves are born out of the ocean and resolves into the ocean, it means there are no waves separate from the ocean; in fact wave is only an additional name given to the very ocean itself; similarly the whole creation is like a wave in the ocean of God. Shankaracharya beautiful presents in atma Bodha that the entire cosmos of several billions of galaxies is nothing but bubbles; so each galaxy can be compared to a small bubble and all these bubbles of galaxies are rising from you; and there are no bubbles separate from ocean. Similarly there is no creation separate from God or to put in another language; God is in the form of world, I heard this very clearly, and how did you teach, very elaborately. The upanishadic teachers are not detailed; rather they give the srishti and all within a few mantras.

The teaching is also for a madhyamadhikari such as me. In chapter 10 you also revealed your glories, Vibhutis, spread all over the universe. These glories are in exhaustible, the Vishwa rupa mahima. Mahatyam and Vibhuti mean the same. The proof is that my delusion is almost gone. It finally goes away completely in chapter 18.

If delusion is gone what is Arjuna's next question?

**Shloka # 3:**

there is nothing called secular, everything is sacred; eating is puja; remember we are doing puja daily; eating is puja, brushing the teeth is puja; snanam is puja, everything that I do is puja and this puja occurs only when I always remember that I am in the presence of the Lord as Vishwa rupa. How can I have contact with that rupam; the vishvarupa Ishvara, you should help me. This is Arjuna's request, the details of which we will see in the next class.

**Take away:**

The mode of repetition of a Mantra with feeling and in a particular manner, a definite number of times, with right observances, until a fixed number of Japa is reached, in order to obtain substantial benefit out of the Mantra, is called Purascharana.

Vishwa rupa darshanam:

I have to learn to see the world in the form of god. I must assimilate the teaching that God is material cause of the universe and that he alone manifests as the universe as well or we can say God is both matter and spirit. Here, every vision in front of me is a different version of God. I should clearly understand this teaching and with this my perspective changes. This new perspective is called Divya Chakshu or the mystical eye.

# **Mandukya Upanishad, Class 18: Chapter 1 Summary**

Swamiji gave his summary of chapter 1 also known as Agama Prakaranam, today. In introduction to this Upanishad he had previously indicated that it has four chapters in it.

The first chapter is called agamaprakaranam. This chapter contains the entire Upanishad and 29 karikas. The second chapter is called Vaitathyaprakaranam containing 38 karikas on the mithya nature of the universe. The third chapter is titled Advaitaprakaranam containing 48 karikas dealing with the non-dual nature of atma. The fourth chapter is called Alatahantiprakaranam containing 100 karikas, which clear all the possible objections to the teaching contained in the Upanishad.

Of the four chapters the first one, agama prakaranam, consists of 12 mantras of the Upanishad and the 29 Karikas written by Gaudapada. The 12 mantras belong to Atharvana Veda and are supposed be revelations by God himself. Shankaracharya's guru's guru, Gaudapada, however, wrote Karikas. Karika means a commentary in verse. Among the 12 mantras and 29 karikas, prominence is given to the 12 mantras since they are from Upanishad and it is the focus of chapter 1 and is of importance from a Vedic perspective. Chapters 2, 3 and 4 are all about Karikas.

## **Gist of the Upanishad portion or Mantras of Chapter 1:**

Mandukya Upanishad was revealed through Manduka Rishi in the Atharvana Veda.

The first two mantras introduce two types of Vicharas:

1) Chatushpada Atma Vichara or the four facets of Self.

2) Second enquiry is Chatur matra Omkara Vichara. It has four sounds of Omkara.

Both the Atma Vichara and Omkara Vichara are performed to arrive at the absolute reality.

Mantras # 3 through # 7 deal with Chatushpada Atma Vichara. The essence of these mantras is that they are talking about the four aspects of "I" the Atma.

Mantras # 8 through # 12 deal with Chatur matra Omkara Vichara.

**Discussing Mantras # 3- # 7,** the following points were made:

1. The first I, is obtained in Waking state and is the "Waker I". I in waking state is endowed with various attributes such as weight, size, individuality etc. This is the "attributed I" in jagrit avastha. Here, I comes in contact with external world. It is a finite and limited I. This I is described in mantra # 3. This I also goes by the names of Vishwa and Virat.
2. The second I is obtained in dream state or the dreamer I. I functions through the projected dream body; the sukhma shariram with attributes determined by dream body. The second and Saguna I, is in the dream state. This I is also finite and limited. This I is also called Taijasa and Hiranyagarbha.
3. The third I is obtained in sleep state. Here, I am not in waking or dream body; here body is in resolved condition. Sleeper I is also an "attributed I". In sleep all attributes are in dormant state or in their potential state. Thus, the "Father I" during the waking and dream states is in a dormant state here. All attributes are dormant as well. It is also a state that is limited and finite. Here limitations are also in dormant condition. The sleeper I is called Pragya and Ishwara. These are technical names given by Upanishad.

This is addressed in mantras # 5 and # 6.

4. My fourth aspect is my real nature, the core nature, also known as Turiyam or Sakshi I. Thus, witness I is free from all attributes. It is the "attribute-less I" or nirguna I. It is described in the most important mantra # 7. This I is attribute-less and limitless. Thus, for every one of our assertions there are many negations. When I say, I am man; I am also saying I am not woman; not an animal; not a pencil etc; all negations. For one assertion there are many negations. Thus, attributes limit an object, while Turiyam is the limitless I. This is the essential I; it is Shantam; Shivam (ananda) and immortality; all three are possible only in Turiyam. So, if you want Shantam, Shivam and Immortality you have to know Turiyam for liberation.

### **How can I know Turiyam?**

I can know Saguna I in waking state. I can know Saguna I in dream state; I can know saguna I in Sleep state, if so, in which state can I know nirguna I or Turiyam I?

If the three associations result in Vishva, Taijasa and Prajna, what is the Turiyam? What association does

Turiyam have? Turiyam is the name of the atma when it is dissociated from all the three states. I myself,

as consciousness principle, am Turiyam. How do I become Turiyam?

Now mantra # 7 does not talk of a fourth state at all; so where is nirguna I available? The Upanishad says, the nirguna I has to be discovered through the "attributed I" or Saguna I.

Turiyam is available in Vishva, Taijasa and Pragna states. So there is no need for a fourth state. So, remain in jagrat avastha, analyze and gain Turiyam.

## **If so, how do I arrive at nirguna I from Saguna I?**

Swamiji says it is quiet simple, Saguna I minus gunas gives you nirguna I.

Thus, "Father I" minus fatherhood equals nirguna I. In this manner negate all attributes about yourself and it takes you to Turiyam I.

## **How do I remove the attributes?**

Upanishad says you need not remove attributes at all. I, the consciousness, can never be associated with attributes; just as the light on the hand, does not take on the impurities of the body because light is asangaha. Similarly, I, the consciousness, am also free of attributes. Attributed I does not exist in reality. My thought that I have attributes was born out of my misconceptions. I have to know that I am attribute-less at all times. Citing an example, to illustrate the point, you see a movie on the screen and there you see the very dirty Cuvam River. You want to purify the screen. Swamiji says the screen is pure even when the dirty Cuvam is shown on screen. Screen is not touched by the movie. Therefore, I am the screen-like consciousness; I just have to know that I am free of attributes and knowledge removes these attributes. When I add attributes to waking state, I am Vishwa; when I, add attributes to dream state, I am Taijasa; and when I add attributes to sleep state, I am Pragya. However, when I remove these attributes from any or all of the three sattes, it is Turiyam.

Vishwa minus waking state attributes equals Turiyam.

Taijasa minus dream state attributes equals Turiyam.

Pragya minus sleep state attributes equals Turiyam.

So, Turiyam is obtained through knowledge. This knowledge of Turiyam is described in mantra # 7.

With this chatushpada Atma Vichara is over.

### **Mantras # 8 through # 12:**

Chaturmatra Omkara Vichara is described. Omakra consists of A U M and the Silence that follows known as Amatra.

A is described in mantra # 9.

U is described in mantra # 10.

M is described in mantra # 11 and

Amatra is described in mantra # 12.

Having introduced each mantra, they can be equated to each Pada.

Thus:

A equates to Virat

U equates to Hirayagarbha

M equates to Ishwara

Amatra equates to Turiya atma.

Having equated one has to begin with upasana. First upasana is meditating on Virat in Akara; then meditating on Taijasa on U kara; and then meditating on Ishwara on M kara. To support meditation, common features were mentioned. They are:

Akara equation with Virat is based on pervasiveness and primacy both also called Apte and adimatvat, respectively.

Ukara equation with Hiranyagarbha is based on superiority and middleness; both also called Utkarsha and Ubhayata respectively.

Mkara and Ishvara equation is based on being similar to a measure and the ground of dissolution, both also called Mithi

and Apithi respectively.

Remembering the common features one has to perform each upasana. It will help cleanse the mind. The upasana also provides material benefits. How to perform the upasana has not been described.

Rather, we have to meditate on Omkara and dissolve A into U; U into M; and M into silence and reach the silence or consciousness.

How to perform this? Example of this resolution was discussed as resolving Bangle, Chain and Ring in gold.

How to arrive at gold?

Look at bangle and look there for an object called bangle. You will observe that there is no substance called bangle; there is only gold. You must be convinced that there is no Bangle. Once bangle, the substance has been negated, the word bangle has no more relevance. Without an object where is the need for a word to describe it. This is known as Padartha nisheda and pada nisheda. Thus Virat nisheda is Akara nisheda.

Then come to Chain. Going through same process as with bangle, we realize that there is no object called chain as such the word chain is also negated. Chain padartha is negated; Hiranyagarbha is negated; U kara is also negated.

Then coming to Ring and going through same process as for bangle we realize there is no substance called ring as such and there is no need for word called ring Thus, ring padartha is negated; Ishwara is negated; Makara is negated.

A (Virat), U (Hiranyagarbha), M (Pragya) all three are saguna Atma.

Pada-padartha division exists only in empirical field where time, space and attributes are there. It exists in saguna field alone. Once you negate everything you will feel

blankness. Buddhists call it Shunyam or void. Mandukya says, for “ nothing remains”, you still need a witness of nothingness, known as Shunya Shakshi or Chaitanyam or as per Vedanta, Consciousness. This consciousness illumines the presence or absence of everything. This was pointed out in mantra # 12. Now the Upanishad is over. Benefit of this knowledge is that: whoever knows this, can claim, I am Turiyam.

### **Karikas:**

Gaudapada talks of common and uncommon features of padas.

1. Pragma, the I in sleep state, is associated with Ignorance (I).
2. Vishwa and Taijasa, both in jagrat and swapna avastha are associated with Ignorance (I) and Error (E).
3. Turiyam is associated with none of them.

Ignorance means, not knowing “ I am limitless”.

Error means the notion that “I am limited.”

Gaudapada uses different terms for Ignorance and Error.

Thus, agyanam, agrahanam, nidra, and karanam are the four names for ignorance. Ankuraha, anyathagrahanam, svapna and karyam are the four names for misconception or error.

Another topic is position of each pada. Gaudapada describes the Sthana Trayam as:

Vishwa is in right eye.

Taijasa is in mind

Pragma is in Hiranyagarbha.

Then he describes Bhoga Trayam as follows:

Vishwa has experience of gross world.

Taijasa has experience of inner world.

Pragya has experience of ananda or Sushupti.

The last topic is Omkara dhyanam. Gaudapada uses word Pranava to describe Omkara. In word Pranava, Pra means perfect; while navaha means, so named.

So pranva means ideal name, that is Om, which stands for Brahman. Why is Om ideal name for Brahman? Other names reveal saguna or nirguna aspects only once. Om is ideal as it reveals both Saguna and Nirguna Brahman.

Sound part of Om reveals Saguna Brahman. Silence between two Omkara's reveals nirguna Brahman. Saguna Brahman has three parts, Virat, Hiranyagarbha and Ishwara. Om also has three divisions, A U M. So every aspect of Brahman is revealed in OM, hence it is the Uttama Nama.

One has to practice Omkara dhyanam. In beginning focus on sound part, that also includes Virat, Hiranyagarbha and Ishwara. This is called Aparam Brahman.

Once you have advanced in meditation, move to silence and expand on it. Chant Om and dwell on silence. In silence reflect on teaching. Silence is Amatra; it is not blankness; it is absence of everything except the I, who am aware of the silence. The silence is Nirguna, Ananta etc. I have to see this as my swarupam. So it becomes swarupa dhyanam, which leads us to liberation. This concludes the 29 Karikas as well.

ॐ नमो भगवते वासुदेवाय ॥

ॐ नमो भगवते वासुदेवाय ॥ १०.३६ ॥

**Of tricksters I am the game of dice; of the vigorous I am vigor; I am victory, I am resolution; of the virtuous, I am virtue.**

### **Dhyutam:**

Among those activities that rob us of our discriminative powers, I am gambling. Gambling makes one addicted. Kalidevata resides in several places and deludes human minds says, Bhagavan. In entire Mahabharata the message is that if we are not careful, gambling can suck us down. Dharmaputra got hooked on it and lost his sense of propriety and lost his wife and brothers. He knew Dharma and yet lost his balance. In our younger days parents used to tell us not to play cards because of this.

### **Tejas:**

I am internal brilliance amongst all brilliant people. Brilliance is one who resists temptations. It is easier to say no the first time as it becomes more difficult later. Therefore I am that brilliant discrimination that resists temptations.

### **Satva:**

I am Satva guna among Satvic people. I am the satva guna, which represents spiritual inclination; rajo guna represents materialistic inclination; Artha-kama inclination is caused by rajo guna; Dharma moksha inclination is caused by satva guna; and tamo guna obstructs our inclination for both of them; tamo guna makes a person lazy with neither materialistic inclination, nor spiritual inclination.

Scriptures say Tamasic **person must cultivate material desires and then go to Spiritual desires.** That spiritual desire is

Satva Guna.

**Vyavasayaha:** means prayatna or effort. This effort is to fulfill spiritual desires. Thus Pancha Maha Yagna is important for Chitta Shuddhi. It is industry as a character of mind where I will lead one to victory or success.

Thus, Satva Guna triggers Vyavsayaha victory. I am That. If we get spiritual success we should not be arrogant as even that is due to the Lord. Pull of free will should be backed by Ishwara anugraha.

**Shloka # 37:**

Among members of the Vrsni clan, I am Vasudeva; among  
pandavas, I am Arjuna. Among the contemplative sages, I am  
Vyasa; among the seers, I am seer Usnaha. **10.37**

**Among members of the Vrsni clan, I am Vasudeva; among  
pandavas, I am Arjuna. Among the contemplative sages, I am  
Vyasa; among the seers, I am seer Usnaha.**

Among descendants of Vrishni's (Yadava Vamsha) I am Vasudeva.  
One of Sri Krishna's names is Varshneya.

Why does he claim he is greatest here; because Sri Krishna is an avatara of God. Why is Sri Krishna most glorious among avataras? In Sri Krishna avatara alone God performs as a liberating Acharya, as Jagat Guru. Therefore Sri Krishna's teaching of the Bhagavat Gita is one of the three main textbooks of Vedanta shastra. These three books are known as Prasthan Trayam. First one, the Upanishads, is called the shruti prasthanam; the second one is bhagavad Gita called the smrti prasthanam; and the third one is brahma sutras, the nyaya prasthanam.

The Gita, even now is fresh and valid; it is not an obsolete textbook; rather it is a valid teaching; and since Krishna is the Gitacharya, he is the greatest one.

Among Pandavas I am Arjuna himself. Why is Arjuna the greatest

and not Dharmaputra? If Gita is the gretest shastra, Arjuna was the first receiver of this greatest teaching. He got teaching from Narayana himself. Why was Arjuna chosen for giving Gita teaching? Several reasons are given but most obvious one is that Arjuna asked Sri Krishna for the teaching.

Among Muni's, I am Vyasa Acharya. Why so? Sri Krishna is the greatest Acharya as he is a brahma vidya acharya. Among prastahna Trayam one contribution is by Sri Krishna and other of the Brahma sutra is by Vyasa. Vyasa, within Mahabharata, did even the compilation of Gita. He contributed to both Gita and Brahma sutra. During amaniavattam tarpanam there is a prayer offered to Krishnadvaipayana or Vyasa. Therefore, among Rishis, I am Vyasa. He got name Vyasa as he compiled the Vedas as well. He called four disciples and asked for their assistance. Vyasa's original name was Krishnadvaipayana; he was also called Vedavyasa and thus became known as Vyasa.

Among great seers, who can see all three kalas, I am Shukracharya; or Usana, the asura guru. Here Kavi does not mean a poet rather he is a Kranta darshi or one with ESP; who sees beyond sense organs.

### **Shloka # 38:**

दण्डो दण्डितेषु तेषु तेषु तेषु तेषु  
विजयस्य विजयस्य विजयस्य विजयस्य विजयस्य॥10.38॥

**Of those who chastise, I am the rod; of those who seek victory, I am the tactics. Of secrets, I am the silence, and of the learned, I am knowledge.**

Among disciplinarians or orderliness, I am Danda, the rod of punishment. The process of discipline can include: Requesting, education and punishment. Sri Krishna says generally people are immature and gross; and therefore education, good words, etc. do not work; generally, what works is, dandah or punishment.

Here Sama, Dana, Bheda and Dandam come to mind. Danda gives instantaneous results. Nowadays corporate punishment is prohibited in schools.

Among causes of victory, among victors I am Nitihī or diplomacy. It leads to success.

Among secrets, I am, maunam. Maunam also represents Brahman. In silence there is nothing but Consciousness. In Mandukya Upanishad it says, nothingness is witnessed by consciousness.

Among or in wise people, I am wisdom. When you perform namaskrara to a gyani, you are doing namaskara to his Gyanam or God himself.

### **Shloka # 39:**

ॐ त्र्यम्बकं यजामहे सुगन्धिं पुष्टिवर्धनम्  
ॐ अक्षयं भद्रं कर्णेभिः शृणुयाम्वागन्तव्यं  
ॐ देवीं नमस्कृत्यो नमो भक्त्यः श्रद्धया च ॥१०.३९॥

**And that which is seed of all beings, I am, Arjuna! That which is without Me, mobile or stationary, exists not.**

Here Sri Krishna concludes enumeration of his glories. He says I am the seed or material cause of creation. Clay is material cause of all earthenware; gold is material cause of all ornaments; wood is material cause of all furniture etc. Material cause expresses as effect or existence. When I say an ornament "is", the "Is" ness belongs to Gold alone; while ornament itself is just a nama and rupa. Remove gold from ornament, it loses its existence.

Therefore when you say wall is: Isness belongs to me; when you say: fan is: Isness belongs to me; In short, I am the Sat in the creation; I am existence in every being. Therefore, there is nothing in creation, moving or stationary that exists, without my blessing. Who is God? Is ness is the God; all others are nama rupa only. Thus he started with chit, ended with sat; chit and sat are nirguna Ishvara vibhuthi; and all

others are saguna Ishvara vibhuthi; vibhuthi means mahima.

**Shloka # 40:**

शुद्धं शक्तिं मे नान्यथा शक्तिं शक्तिं शक्तिं  
शुद्धं शक्तिं मे नान्यथा शक्तिं शक्तिं शक्तिं 10.40

**Scourge of foes! There is no limit to My divine powers. What has been stated by Me is only illustrative of the extent of that puissance (power).**

Here Sri Krishna says, Arjuna, I have stopped enumerating my glories. If I have to list all of them it is inexhaustible. My intention is to give a sample of glories. My divine glories have no end. Why then enumerate them? This enumeration is only a random sample of my glories. How to extend this list? Sri Krishna says, I will tell you how to do it by yourself.

**Shloka # 41:**

शुद्धं शक्तिं मे नान्यथा शक्तिं शक्तिं शक्तिं  
शुद्धं शक्तिं मे नान्यथा शक्तिं शक्तिं शक्तिं 10.41

**Whatever being has power, glory, or energy, know (each of them) to be born of a part of My splendor.**

Sri Krishna says you can make your own list. When you see creation in daily life, if you see something that is wonderful (natural or artificial) that makes you awe struck or rich or abundant or powerful, like energy of sun; anything beautiful, when you see it, remember Me. When you see such a thing you prostrate and hand it over to temple. Powerful, rich, etc are all an infinitesimal part of god's glory; that is why we worship nature.

**Shloka # 42:**

शुद्धं शक्तिं मे नान्यथा शक्तिं शक्तिं शक्तिं  
शुद्धं शक्तिं मे नान्यथा शक्तिं शक्तिं शक्तिं 10.42

**O Arjuna! Wherefore should you know so much of all these? Encompassing this entire world by a fragment of My power, do I abide, eternally.**

Sri Krishna says, Arjuna! you can look at all this from a different perspective as well. Thus water being present in every wave; bubble or drop is one way of looking at water. Really speaking, all waves, bubbles and drops are all in water.

In a similar manner the whole creation is in Me. I remain supporting this creation or another way of seeing it is, that this entire creation is in Me.

Space is not within this hall; that is not the correct statement; rather all the Halls are in space. Similarly Bhagavan is not in the living beings; but all living beings are in Bhagavan; and that too they do not occupy the whole Bhagavan; I am only sustaining them; in one corner of Me; So the whole cosmos is only occupying a part of Me; so how big I am; so the whole cosmos is like a bubble in Me; the ocean; So with this Krishna concludes the description of His glories.

**Take away:**

Tamo guna makes a person lazy with neither materialistic inclination, nor spiritual inclination.

A tamasic person must cultivate material desires and then go on to spiritual desires. That spiritual desire is Satva Guna.

**With Best Wishes,**

# Baghawat Geeta, Class 138: Chapter 10, Verses 33 – 35

Shloka # 33:

अक्षरानाम् अक्षराहं अक्षराहं अक्षराहं अक्षराहं  
समासिकस्याहमेव अक्षराहं अक्षराहं अक्षराहं अक्षराहं 10.33

Aksaranam, of the letters; I am the akarah, letter a. Samasikasya, of the group of compound words, I am the compund (called) Dvandva. Besides, aham eva, I Myself; am the aksayah, infinite, endless; kalah, time, well known as 'moment' etc.; or, I am the supreme God who is Kala (Time, the measurer) even of time. I am the dhata, Dispenser, the dispenser of the fruits of actions of the whole world, visvatomukhah, with faces everywhere.

**Akshara:**

Continuing his teaching, Swamiji said, we are seeing Sri Krishna continue enumeration of the glories of Ishwara. In Shloka # 33, he said that among Aksharas I am Aa. Sarasvati Devi is in the form of Alphabetic letters. Even among all letters Aa is most sacred. It is sacred because it is a basic letter that emerges from our mouth without doing anything to the mouth. Thus sounds such as E, U come about by some modification to the mouth whereas Aa is an effortless sound of the mouth. Akara is also a flexible sound that can be modified into other alphabets. Hence Aa kara is considered Karana aksharam, causal sound, while all other alphabets are considered Karya Aksharam, the effect. Vedas say that A Kara manifests as all other letters. It says all letters are a modification of Aa. In our tradition every alphabet has a presiding deity. The presiding deity of Aa is Brahmaji, the

Creator of the world. Since Aa is the cause of all letters, Sri Krishna says, I am letter Aa.

**Samasha:** Are compound words that are properly arranged. By compound words I save prepositions. Citing an example, in the sentence, I bought puja material really means I bought material for puja. Puja material is thus a compound word. Similarly, the sentence, I went to Shiva temple, really means I went to a temple where Shiva is worshipped. Similarly, Ganga water really means water from Ganga.

And how do you know what preposition is to be used; you know it from the context thus Ganga water means water from Ganga; Pooja material means material for pooja. And Adayar class does not mean classes

From Adayar rather it means classes conducted in Adayar. So in which place, which preposition is to be used, we get to know from the context.

Similarly, when I say I went to Birla Mandir, what I really mean is that I went to a temple built by Birla, which is the context.

This compound formation is very systematic. Four basic compounds are enumerated and these four are later expanded into 7 types of compound, then these types of compounds are further expanded into 35 types of compounds; Thus we have many compounds called samasaha; and these group of compounds are called

Saamasikam. Samasikam means samasanam samuham; the group of compound are:

tatpurusha samas; bahuvrihi samasa; karmadharaya samas; Dvigu samas; dvandva samas; avyayibhaava samas. In Sanskrit we can compound words, which can contain tens of words joined together. Thus, Kalidasa's Shyamala Dandakam has many samasaha words. Therefore, among compounds I am Dvanda

samasaha, says, Sri Krishna.

### **Kala Tatvam:**

Sri Krishna says I am Kala Tatvam that puts an end to everything however kala itself has no end, meaning it is inexhaustible time. Even in pralaya, kala continues into the next creation. And because of the continuity of kala

alone, the next cycle of shristi is possible. Therefore Sri Krishna says I am the kala tatvam, which is inexhaustible.

**Dhata:** means karma phala dhata. One who gives appropriate karmas at right place, at right time, to right person, for all beings in the Universe. Sri Krishna says I am Karma phala dhata.

### **Vishvatomukhah**

He also says, my face is turned in all directions, so I can see everywhere.

### **Shloka # 34:**

ममैवाहं कालो जगद्विधायकः प्रसन्नोऽप्यसौख्यं च ।  
ममैवाहं कालो जगद्विधायकः प्रसन्नोऽप्यसौख्यं च । 10.34

**And I am Death, the destroyer of all; and the prosperity of those destined to be prosperous. Of the feminine (I am) fame, beauty, speech, memory, intelligence, fortitude and forbearance.**

### **Mrtyu:**

I am greatest robber, Kala, who will take away everything from a jiva. We can't take anything at time of death. What you can carry at death is only one's papam and punyam. Thus, death, or Yama, takes everything from you.

Citing a story, a man had a lot of property. He wanted to give it away. He challenged that one has to run as far as possible

from sunrise to sun set, the distance, in land, covered would be given as a gift to runner. One person took the challenge and ran; as he came to closer to sunset, he wanted to get more distance and ran the last few minutes very hard and in doing so, he collapsed and died. So, what happened to all the land he acquired?

So, I am destroyer, samhara tatvam, Says Sri Krishna.

### **Udbhava:**

I am Udbhava, meaning source of future prosperity or wealth. The resource or source of all the future prosperity or future wealth; because if you have to

produce anything in future, they all must be there potentially; we can never generate anything if that provision is not there and Sri Krishna says that provision is myself.

### **Kirti, Sri, Nari, Smriti, Medha:**

Female Devatas such as Mahalaxmi, goddess of wealth; Sarawati, goddess of knowledge and Parwati, Goddess of Shakti are called adhishtana devatas. Why do we have these devatas? Some universal laws govern everything. Such laws govern even our organs. These laws function because of an intelligent principle. For every government law too there is an officer required to maintain it. Any law is governed by an intelligent principle.

Thus it flows as follows: Higher Intelligence> Laws> Object.

Adhishatna devatas include Bhumi devata, alphabet devata etc are all aspects of Ishwara or God or Total intelligence.

So God for Kirti, name and fame, is called Kirti devata. Similarly we have Vak devata, Smriti devata, and Medha devata. Vedas have prayers for all such Devatas, thus there is a medha suktam.

**Dhriti:** means Perseverance or will power or continued effort despite failures. It is the resilience like a rubber ball that bounces back. There are several types of people. One who upon failing renounces every thing. The other type is a person, who upon failing, keeps trying again and again.

I am Dhriti says Sri Krishna.

### **Medha:**

Medha means intelligence principle; we do not know why some brains are very intelligent and others not. So there are again laws governing this and that devatha is called medha devatha; and we have got Vedic prayers directed to medha such as medha sukhtam; a special prayer for medha devi;

**Kshama:** means Patience or the capacity to wait. It is often tested at traffic stops where we have to wait. I am Kshama says, Sri Krishna.

### **Shloka # 35:**

ॐ नमो भगवते वासुदेवाय ॥  
ॐ नमो भगवते वासुदेवाय ॥ १०.३५ ॥

**I am also the Brhat-sama of the Sama (-mantras); of the metres, Gayatri. Of the months I am Marga-sirsa, and among seasons, spring.**

### **Sama Mantra:**

Among sama mantras, I am Brihat Sama, a mantra, a very suspicious one, glorifying the Lord. This mantra praises God; hence it is known as Brihat or infinite one. I am Brihat Sama mantra, says Sri Krishna.

### **Gayathri Mantra:**

I am gayathri mantra among all Veda mantras, says Sri Krishna. The word Chandas has two meanings; one is it is a Vedic meter

and second one is, it is a Vedic mantra as well. Chandas provides rules of poetry. There are many chandas such as Anushtup, Trishtup etc.

Among Vedic mantras I am Gayathri. Gayathri has two meanings. Gayathri is a meter consisting of three lines, with 8 letters in each. Gayatri is also a mantra. Why is Gayathri glorius? **Its main glory is that it is Veda saraha.** Brahmaji wanted to take essence of vedas (Rg, Yajur and Sama) and he got gayathri.

Thus, we have:

Rg veda sara: Tatsavitha varenyam

Yajur Veda sara: Bhargo devasya Dhimahi

Sama Veda sara: Dhiyo yonaha prachodayat.

This mantra was originally called Savitri mantra. Savithri is name of Surya devata. It was set in gayathri meter hence it is called gayathri.

Also, Om Bhur Bhuvaha is not part of Gayatri mantra, it was added to aide the chanting of the mantra.

Since it is essence of Vedas, it is called Veda itself. Hence father teaches Gayathri to son and it continues on.

Gayathri mantra protects one from all papams or invisible negative effects. How come all people are not allowed to chant Gayathri?

Only one's who are initiated can chant Shrauta Gayathri.

Shrauta Gayathri is from Vedas.

Smartha gayathri can be chanted by anyone. Smartha Gayatri is from Smriti's.

**Smartha gayatri is as follows:**

yo devah savitasmakam dhiyo dharmati gocarah|

prerayet tasya yat bhargah tatvarennya mupasmaheh ||

**Essence of Gayathri mantra:**

**The meaning is very simple: we are meditating upon the sacred effluence of Sun God.**

And why are we meditating and worshipping Gayathri? What do we get out of it? Gayathri is that effulgence which activates our intelligence or buddhi. So therefore, I worship the solar effulgence, because it is supposed to activate my brain; my medha shakti increases, memory power increases; and that is why for brahmacharis, or students, gayathri was emphasized; because it gives every student memory power.

Gayathri activates buddhi shakti; and therefore Sri Krishna says, I am Gayatri Mantra; **if a person does not chant the gayatri; he loses all the advantages of being a vaidika purusha.**

**And it is said in our tradition that without chanting gayatri; whatever other mantras one chants, they all will not be that effective; on the other hand, if he chants gayatri, then no other mantra is required at all.**

And furthermore, gayathri itself is divided into two based upon how it is read; thus, one says, tat savithu varenyam while other says tat savithu vare niyam; Second one has 24 letters, while first one 23 letters. One with 24 letters is called gayathri. **Second one with 23 letters is called nichir Gayathri. During sandhyavandhanam; one is supposed to chant nichir gayathri;**

**Margashirsha:**

Among 12 months of the year I am Marga shirsha or the period from Dec 15 to January 15.

ॐकारं वाचं ॐकारं वाचं ॐकारं वाचं ॐकारं वाचं ॐकारं वाचं ॐकारं वाचं ॐकारं वाचं

**The sound letter A helps the meditator to attain a well-developed waking personality (vishva). The meditator on U attains a well-developed Taijasa (mind and intellect) and for one who meditates on M reaches Prajna. In the “ soundless” state, after Mkara, there remains no attainment.**

Swamiji said the Upanishad is analyzing Omkara from mantra # 8 onwards. The Upanishad talked about Omkara and A U M was equated to first three padas of atma. It also gave three Upanishads to practice for the unprepared students. Thus meditating on Akara symbolizes Virat, U kara symbolizes Hiranyagarbha and M kara symbolizes Pragya or Anataryami, respectively.

After practicing the upasana for some time one comes to Omkara Vichara and then resolves A U and M. An example of this process of resolution was provided by our discussion of Bangle, Chain, Ring and Gold. We found there is no substance called bangle, chain or ring respectively. We found that in all of them gold alone is the substance. This understanding that there is no bangle, chain or ring is called padartha-nisheda or negating substantiality of all three ornaments except gold. Padartha Traya Laya, this dissolution of all three, occurs by clear thinking. Once this dissolution occurs question may come up as to why when three padarthas are not there anymore why do we still have the three words? Now, existence of a word is relevant only if there is a corresponding object. First substance, bangle was negated; then we found there is no relevance for word ring as well and in a similar manner relevance of chain was also negated. Padatraya nisheda, means negation of corresponding words. Thus padartha and padatraya, that is all three padas (Virat, Hiranyagarbha and Pragya) and respective three matras (A U M, are negated and then only advaitam gold remains.

Similarly we have to negate sthula, sukshma and karana

padartha prapancha or world of objects, Amatra is free from world of names.

Shivaha, in mantra means Amatra or auspicious. Advaita means Amatra is non-dual. In this manner Omkara and four padas of Atma are identical. If I know this, what is the benefit? If a man knows that he is not Vishwa, Taijasa and Karana prapancha but that he is Turiyam, he enters into Atma.

Here, we have to remember that Amatra, the fourth matra, can be translated as silence. This silence is not mere absence of sound or its non-existence; rather, it is Consciousness principle that illumines absence of silence. This silence is Consciousness principle. This silence is not blankness; it is presence of Chaitanyam. This Chaitanya silence is the fourth matra of Omkara. The beauty of this silence is that it can co-exist with sound that is A U M while normal silence cannot. Consciousness can co-exist with A U M. Therefore; Amatra is Chaitanya Tatvam which is Turiyam as well. With this phala shruti of Omkara Vichara is complete.

Thus:

By enquiry into Atma we come to Turiyam

By enquiry into Omkara we come to Amatra.

Through this enquiry we come to pure consciousness.

With this the Upanishad is over. Gaudapada now further explains mantra # 12 in Amatra Karika.

### **Karika # 24:**

ॐकारं चतुर्धा विचार्य तदात्मनोऽवस्थानम् ।  
तदात्मनोऽवस्थानं चतुर्धा विचार्य तदात्मनोऽवस्थानम् ॥

**The AUM syllable should be known quarter by quarter. There is no doubt, indeed, that the quarters (of the Self) are the same as the morae (letters of AUM). Having grasped thus the entire**

**significance of Omkara, nothing else whatsoever should be thought of.**

While writing his commentary Gaudapada consolidates his teaching of his previous karikas as well. He says, one has to clearly understand that the four padas of Atma equate with four matras of Omkara; thus every pada equates to a specific matra. Having clearly known Omkara and Atma, thereafter he should not have any other thought; he should arrive at Turiyam and abide in it.

(My Note: After understanding the four equations clearly, one should practice nididhyasanam with the Omkara mantra. Omkara can be used as a support for nididhyasanam. How do you meditate? Chant OM and

when you come to silence, you have to dwell upon the knowledge that there are two components in that

silence, one is silence and the other is consciousness. Then turn your attention from silence to

Consciousness then you claim that you are that Turiyam consciousness. This is called silence meditation.)

### **Karika # 25:**

ॐकारं चिन्तयन् ॐकारं चिन्तयन् ॐकारं चिन्तयन् ॐ  
ॐकारं चिन्तयन् ॐकारं चिन्तयन् ॐकारं चिन्तयन् ॐ ॐ ॐ

**Soak the mind with the roar of AUM; Identify the mind with the sound of AUM; AUM is Brahman the ever fearless. He who is always unified with AUM shall know no fear whatsoever.**

Having studied Mandukya and equating Omkara to the four padas of Atma, one must dwell on this through nidhidhyasanam.

Thus when one meditates on first pada Gross Cosmos comes up.

When he meditates on second pada Sukshma Prapancha comes up.

When he meditates on third pada Karana Prapancha comes up.

When he meditates on fourth pada, Turiyam comes up and he should see that other three prapanchas are non-substantial.

With Turiyam he should know that other three do not have any substance just as bangle (sthula prapancha), chain (Sukshma prapancha) and ring (karana prapancha) do not have a substance. This process of assimilation is nidhidhyasanam.

Similarly, A becomes meaningless as does U and M as well. In silence word disappears; there will only be silence consciousness. Student must perform this nidhidysanam. Now sound part of Omkara is saguna Brahman while silence part of Omkara or Amatra is nirguna Brahman. Pranava in the karika means Omkara.

This one has to learn to see in the sadhana. This will provide freedom from all insecurities. All these shlokas are nidhidhyasana shlokas. Gaudapada says you have to dwell on Omkara as often as possible as it will help in arriving at the "silence awareness". Through Om one comes to this silence.

Advantages of this nidhidhyasanam: Once I know I am silence awareness, I am not afraid of death anymore. Sthula shariram is mortal, Suskhma shariram is mortal and Karana shariram is also mortal but I, the silence, am free from mortality.

### **Karika # 26:**

ॐकारोऽस्योऽस्योऽस्योऽस्योऽस्यो ॐकारोऽस्यो ॐ  
ॐकारोऽस्योऽस्योऽस्योऽस्योऽस्यो ॐकारोऽस्यो ॐ ॐ ॐ

**AUM is verily the lower Brahman and it is also declared to be supreme Brahman. Pranava is without any cause preceding It, without subsequent manifestation, without anything inside and outside, unrelated to any effect and changeless.**

All these karikas are Omkara dhyanam related. Omkara is both Nirguna Brahman (without attributes) and Saguna brahman (with

**and which is ever peaceful because of negation of all duality in it, is the true sage; none other.**

In this concluding karika Gaudapada reminds us of mantra number twelve's definition of Amatra.

Definition of Amatra: Amatra is one without any limitation; either related to space or time. A is limited; U is limited; M is limited; but Amatra does not have any limitation. In meditation we should not work for relative silence; here sound comes and it displaces silence. However, Vedanta says this is not the truth. The true silence is Chaitanyam that is absolute silence; which is free from duality. It is present in silence and sound. It is ever auspicious; it is never disturbed by sound, just as waker's silence is not disturbed by dreamer's noise. This person who recognizes Omkara in this manner is a real Seer, a wise person. With this the Amatra karika is over; Chapter # 1 is over; and Upanishad is also over.

**Take Away:**

Omkara meditation:

Chant OM and when you come to silence, you have to dwell upon the knowledge that there are two components in that silence, one is silence and the other is consciousness. Then turn your attention from silence to consciousness and claim that you are that Turiyam, consciousness. This is called silence meditation.

**With Best Wishes,**

Ram Ramaswamy

---

Thus Akara is Jagrat; U kara is Swapna and M kara is Sushupti. This upasaka becomes a revered person among human beings. He becomes worthy of worship. In our culture Upasakas's are worshipped. Maha muni means great upasaka. What is phalam of this? Phalam was not described.

### **Karika # 23:**

ॐकारो ॐकारो ॐकारोॐकारोॐकारोॐकारो ॐकारो ॐ  
ॐकारोॐकारो ॐकारो ॐकारोॐकारो ॐकारोॐकारो ॐकारो ॐ ॐ ॐ

The sound letter A helps the meditator to attain a well-developed waking personality (vishva). The meditator on U attains a well-developed Taijasa (mind and intellect) and for one who meditates on M reaches Prajna. In the " soundless" state, after Mkara, there remains no attainment

Therefore this upasana can be practiced as nishkama or sakama upasana. Nishkama makes him ready for Turiyam Gyanam. For Sakama upsaka there also benefits in this life as well as in after life.

### **Ihaloka Phalam:**

As stated by mantra # 9, he will become superior to others and become a common person acceptable to all. For third upasana he will be able to measure and judge. He will become one with God.

Paraloka phalam is not described in Upanishad. Gaudapada says, Akara Upasana does not mean meditating on Akara alone, it means Akara Pradhana Omkara Upasana and how to practice it has not been described. Shankaracharya also does not give importance to upasana.

This upasana will take upasaka after death to Vishwam or Virat Aikyam or oneness with Virat Ishwara. It is like a river merging in ocean. He will lose individuality temporarily until his punyam lasts.

Similarly U kara pradhana Omkara Upasana is when U is equated with Hiranyagarbha. It will lead after death to Taijasa or Hiranyagarbha aikyam. Shikshavalli also describes this aikyam.

Third is M kara pradhana Omkara Upasana will lead after death to Pragya or Antaryami Aikyam. He will merge into God. It is not a Gyani's merger. Upasaka's merger lasts only until his punyam and then he starts again while Gyani, after merger, do not come back.

How about Amatra and Turiyam? One who comes to Amatra does not travel after death as he becomes one with Brahman here and now. This is fourth matra.

Let us assume one has practiced this Upasana and prepared the mind for enquiry. How to do the enquiry? What is difference between Upasana and enquiry?

Aa is invoked as sthula prapancha and U is invoked as sukshma prapancha. Normally a word is used to reveal an object. Word is padam and object is padartha. Every padam represents a padartha.

Vedanta asks us to enquire into truth of this, asking us in effect to perform a Vichara.

Padam is a word. Four words are used: Bangle, Chain, Ring and Gold. Each padam must reveal a padartha. Bangle reveals bangle padartha. Ring reveals ring padartha. Chain reveals chain padartha while Gold reveals Gold padartha. Thus four padams reveal four padarthas. But upon enquiry I find gold is substance in front of me, but in the word bangle there is no padartha. Ring also has no padartha, chain too has no padartha. Therefore, upon enquiry three padarthas are dismissed; that is bangle, chain, ring; thus substance is dismissed. Once three padartha's are negated the corresponding padam's are also negated as they have no object to reveal. Therefore enquiry leads to dismissal of padartha and later padams as well.

Krishna enumerate the glories of Ishwara. The entire creation is a manifestation and glory of the Lord. Sri Krishna chooses a few specialties as his glory. They can be chosen to invoke God. Even though all rivers are glorious, Ganga can be used to invoke god. Hence Ganga is considered sacred. Everyone enumerated can be an alambanam. Many are identified from mythological stories. Thus he cites in shloka # 30 about Prahlada. Prahlada stuthi in the Bhagavatham is a very well known sthothram; in which we find the highest

Vedanta talked about. In the Bhagavatham there are many stuthis or sthothrams; Dhruva stuthi; Prahlada sthuthi; Kunthi sthuthi; Bhishma sthuthi; each character

glorifies the Lord and the beauty is, in those sthothrams not only the puranic glories are there; the highest Vedanta is also packed in those stuthis and among them Prahlada is also a great one.

It is an important one because even though Prahlada is born an asura, by his spiritual sadhana he could change his character and become a Gyani. Therefore one need not feel bad about one's janma; jati does not indicate superiority or inferiority;

He was son of an Asura who changed. His jati did not matter. It was his guna that finally mattered. Karma with proper attitude makes one a guna Brahmana.

I am also Kala tatvam to ripen karmas at the right time. Karmas of groups of people also fructify at the same time. A sick person's papam fructifies. Another person serving me (sick person) is my punyam; while it is his papam that he has to serve me even while losing his sleep. So God becomes kala delivering the right karma at right time to right person.

Among animals I am Lion. Among birds I am Garuda, son of Vinata. Garuda is Vahanam of Vishnu. In Vaishnavism there is a Garuda Alwar or a great devotee.

Guru's are seated at higher level and knowledge flows from Guru to Shishya.

3. Ganga is a perennial river. Brahma vidya also is perennial. What is proof of this? The fact that we are able to learn this Vidya is the proof.
4. When you dip in Ganga you feel refreshed. In same way, Vedanta teaching is also refreshing to one.
5. Even though Ganga flows from Gomukh to Calcutta, you can take a dip in it only at Ghat with steps. So also Brahmailidya, you can only dip at Guru's Ghat.

### Shloka # 32:

0 Arjuna sarganam, of creations; I am the adih, beginning; ca,  
and ; he antah, end; ca eva, as also; the madhyam, middle-I am  
the origin, continuance and dissolution. At the commencement  
(verse 20) origin, end, etc. only of things possessed of souls  
were spoken of, but here the mention is of all creations in  
general. This is the difference. Vidyanam, among knowledges; I  
am the adhyatma-vidya, knowledge of the Self, it being the  
foremost because of its leading to liberation. Pravadatam, of  
those who date; aham, I; am vadah, Vada, which is preeminent  
since it is a means to determining true purport. Hence I am  
that . By the word pravadatam are here meant the different  
kinds of date held by dators, viz Vada, Jalpa, and Vitanda.  
[Vada: discussion with open-mindedness, with a view to  
determining true purport; jalpa: pointless date; Vitanda:  
wrangling discussion. [Jalpa is that mode of date by which  
both parties establish their own viewpoint through direct and  
indirect proofs, and refute the view of the opponent through  
circumvention (Chala) and false generalization (Jati) and by  
pointing out unfitness (of the opponent) to be argued with  
(Nigraha-sthana). But where one party establishes his  
viewpoint, and the other refutes it through circumvention,  
false generalization and showing the unfitness of the opponent

to be argued with, without establishing his own views, that is termed Vitanda. Jalpa and Vitanda result only in a trial of strength between the opponents, who are both desirous of victory, But the result of Vada is the ascertainment of truth between the teacher and the disciple or between others, both unbiased.

Among creations, I am beginning, end and middle. Sri Krishna said the same in shloka # 20. How to reconcile this? One indicates spatially while second looks at time wise; Srishti, Sthiti and Laya karanam.

Vidya means any discipline of knowledge; any science is called Vidya and there are so many branches of

knowledge in our tradition such as: the four vedas; shiksha, kalpa, vyakaranam, niruktham, chanda, jyothisham etc.; there are so many branches in the sciences and the modern sciences are many as you know, and among all of them, I am the spiritual knowledge.

Among sciences, I am Atma Gyanam. In chapter # 9 it was called Raja Vidhya, self-knowledge that says Atma is the only reality, all others are unreal.

Thus, Apra Vidya is Avidya and Paravidya is Gyanam.

It is only self-knowledge that liberates a human being from our limitations.

The sense of physical limitation is expressed in the form of our desire to accumulate more and more and more because with myself I feel I am limited; So I have a sense of physical limitation, I have a sense of emotional limitation, that I am not loved by all; I am not loved by own children; no one enquires about me; they do not even check whether we are there or not; so all these are all what; emotional deprivation; emotional sense of limitation; Then the next level of limitation is intellectual; any amount I know, I know that I

do not know much; the greater I know, the greater the ignorance is exposed; and therefore, this sense of limitation is samsara and any branch of knowledge other than self-knowledge will not remove this limitation; In fact, not only it will not remove, it will create only further limitation; like Newton said; thousands of discoveries he made and at the time of death, he declared that I was playing with a few pebbles on the shore, while the vast ocean of truth is in front. Therefore, material sciences will only increase the sense of limitation; whereas this is the only knowledge give me poornatvam.

No other branch other than self-knowledge can remove these limitations. Material science will increase sense of limitation while self-knowledge alone will give Poornatvam.

This is also the rarest of knowledge. Many don't come to this knowledge. The number of people who know this are indeed very rare.

Then the next one Vadaha means a discussion for arriving at the truth. In our tradition, they talk about several types of discussions; anything you take, they have studied thoroughly; they talk about vadaha; they talk about jalpa, they about vithanda; they talk about jathi; they talk about chalam; these are all different types of discussions, And vadaha or samvadaha between guru and Shishya, both are meant for only one purpose and that is arriving at the truth; whereas in all other discussions, arriving at the truth is not the aim, winning the argument is the aim; and hence the expression heated argument.

Doing namaskara to teacher means I will set aside without my ego or notions.

Whenever I am in agreement with you, you accept me; which means what; you hold on to your view alone; this is called filtered listening; whichever is convenient you take and the

other things you are not able to drop. That means I lack intellectual honesty; therefore a discussion wherein I set aside my ego; wherein I am ready to openly accept, not mentally verbally accept my mistake and I am interested in listening to other persons; it is the most difficult thing in any discussion or dialogue; our mind is itching to talk; and we are waiting for that person to take a breath; at that time you enter and you finish off your arguments; So if I can listen in a relaxed manner to the other person and similarly I talk, that is called vada or samvada; that alone will lead to discovery of truth; and therefore Sri Krishna claims that I am vadaha.

### **Shloka # 33:**

अक्षरानाम्, अक्षराणां, अक्षराणां अक्षराणां  
समासिकस्या, अक्षराणां अक्षराणां अक्षराणां 10.33

**Aksaranam, of the letters; I am the akarah, letter a. Samasikasya, of the group of compound words, I am the compund (called) Dvandva. Besieds, aham eva, I Myself; am the aksayah, infinite, endless; kalah, time, well known as 'moment' etc.; or, I am the supreme God who is Kala (Time, the measurer) even of time. I am the dhata, Dispenser, the dispenser of the fruits of actions of the whole world; visvatomukhah, with faces everywhere.**

Among letters I am letter Aa. In English language Aa does not exist. In all Indian languages Aa is first letter. It is most fundamental sound, because when you open your mouth, the sound that comes is Aa. All other sounds are modified versions of Aa alone. By changing your mouth you can show teeth and it becomes Ee .Thus Aa's modifications result in other sounds. Thus, Aa is Karana Aksharam while others are Karya Aksharani.

### **Take away:**

1. It is only self-knowledge that liberates a human being from our mental, emotional and intellectual limitations.

Taijasa I am consciousness that is witness of subtle universe. In Pragma I am consciousness that is the witness of the causal universe, which I experience as total blankness. In Sushupti when I am experiencing total it is the experience of whole universe in potential form.

In Vishwa my attention is on object I. In Taijasa I am conscious witness of sukshma prapancha. In Pragma, I am witness of Karana parapancha. In Turiyam I turn my attention to I the observer who am there even as sthula, sukshma and Pragma are all changing. Thus Vishwa, Taijasa and Pragma are stepping stones to land in Turiyam. This Turiyam was described in mantra # 7.

Now we are starting to turn out attention to Chatur matra OM kara; travelling from A to U to M where I turn my attention to consciousness, one that is aware of silence. Thus sound is an object of my awareness; then Silence is an object of my awareness then to the awareness itself that is a witness of the silence. Thus when sound is not, awareness is still there; when silence is not, awareness is still there; when silence is there, it is the awareness of silence. So starting with awareness of sound, awareness of silence, thus Omkara Vichara is travelling from sound to silence to awareness of silence. Here sound is an object; silence is an object while the awareness is not an object. This awareness continues in silence and sound. Awareness and witness are used synonymously.

So, how to do I make use of Omkara upasana to land into my own awareness? To develop the skill of Omkara Vichara initially I learn to equate the four padas to the four matras and let the mind absorb this equation completely.

Now we move to mantra # 9 where Vishwa and Aa kara are equated.

Here, Vishwa (Vaishwanara) and Aa kara are equated. Upanishad

prescribes a meditation to equate and assimilate the knowledge. Sound Aa is taken as symbol to meditate upon. Aa represents Virat or Vishwa rupa; thus during meditation the whole gross atma comes up. Thus shaligramam is an object of reverence for an Indian. This perspective comes from generations of association, while a foreigner just sees it as a piece of art.

Two common features of Aa and Virat are:

1. Virat is first gross creation and after Virat all other creations came about. Among alphabets too Aa is the first letter.
2. The pervasion of both. Aa sound has transformed into all other letters. Aa inheres in all alphabets. Sri Krishna says in chapter # 10, I am Aa kara. Virat and Aa kara are both all-pervading or Vyapti.

Phalam for this Upasana is:

Worldly results: In mantra, Veda means Upasana. Here Upasaka attains all kamas and pervades his possessions or expands them. His family expands; property and possession all expand. One who meditates on Aa kara and Vishwa in life will become foremost in any field he enters, hence the word Aadishcha Bhavati is used.

Above were the material results of the Upasana.

Spiritual benefits are: His capacity to equate Aa with Vishwa expands. In meditation, when he practices Vedantic meditation, mind thinks of Vishwa, Taijasa, and Pragya; it also goes to Hiranyagarbha, Antaryami and Chaitanya adhishtanam. The silence will not be blankness; it will represent consciousness behind silence. The stillness in Omkara meditation will land in Consciousness.

**Mantra # 10:**

on Saraswati or Samasto Gyana Upasana. This person will become learned. Santati means extent of knowledge. Utkrashati means increases.

2. Samanascha Bhavati: He will become a common man to all. He will be accepted by all groups; he will not be a part of any camp; he will be liked by all; a mediator.

His knowledge will influence his family; his family will also be learned or will be Brahma Gyani's.

If a person practices Nishkama Upasana, this equation will help him in Omkara Uapasana. In his mind whole universe will come up and resolve itself into silence.

### **Mantra # 11:**

ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय

ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय

ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय

ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय ॐ नमो भगवते वासुदेवाय

**Pragya, whose sphere of activity is deep sleep, is M the third letter of AUM, because it is both the "measure" and also "that wherein all become one". One who knows this identity of Pragya and M is able to know the real nature of things and beings, and also come to realize as being the Self of all.**

The third mantra is M kara; this M is equated to Pragya or Antaryami or Ishwara. In Upanishad, the fifth and sixth mantras described Pragyaha as obtaining in deep sleep. At cosmic level it is called Pralayam and at individual level it is called Laya or sleep. These two also have two common features.

They are:

1. Apithe: ground of dissolution or merger or

disintegration. Pragma is sleep state, when whole universe dissolves, just as in pralayam. My worries, knowledge etc, dissolve in sleep. At Samashti, Ishwara dissolves everything in him. Apitihi is Laya sthanam.

M is also Laya sthana. When you close mouth the sound that comes out is Mm. Mm is thus resolution ground for all alphabetic letters.

2) Mithihi: A measuring vessel. Pragma is compared to a measure. Mm is also compared to a measure.

When people measure, say in a village, the grain disappears in the measure and then, when, one pours out the grain becomes visible again; this is similar to un-manifesting and manifesting.

Pragma is also like a measure. When I go to sleep, my world goes into Me, the Pragma and becomes invisible. When I wake up, it all reappears again. It repeats when I go to sleep again. So, Pragma is also a measure.

It is same with letter M. After speaking, I close my mouth with M. All other sounds are resolved. They again come back when I talk again. Thus, it is similar to a measure as well.

This measure-ness is a common feature. So during meditation see the M sound and visualize the hidden universe.

The benefits of this meditation are that one who practices M kara Antaryami Upasana gets two worldly benefits.

1. Because of the "measure upsana" he will be able to measure everyone and everything; and make the right judgment.
2. Apitishcha Bhavati: everything is resolved into him. He becomes one with Ishwara. All problems disappear into him.

Spiritual benefit: is developing skill for Vedantic meditation

**If any one has ever imagined or projected the manifold ideas, they might disappear. This explanation is for the purpose of teaching. Duality in the explanation ceases to exist when the highest Truth is Realized.**

Swamiji said in these karikas beginning from # 10 to # 18, Guadapada made an analysis of mantra # 7, the most significant mantra of the Upanishad. He also did a comparison and contrast of the four padas as well.

He said Turiyam has to be known. What is its significance? Once I know Turiyam, immediately Ignorance is removed, just as light removes darkness immediately and automatically.

Once Ignorance is gone, Error and misconceptions along with it also go away. Once rope is not known clearly we see a snake. Once we know it is a rope all misconceptions of rope such as snake, crack in the floor etc go away. There may be many misconceptions; they all go away. Therefore knowledge removes Ignorance and Error. Once both are gone; I know I am the consciousness that is Turiyam, free from Ignorance and Error. As per Vedanta, Turiyam, by definition is, Consciousness free from Ignorance and Error. If Ignorance and Error are there it is Vishwa or Taijasa. If Ignorance alone is there it is Pragyaha. So Ignorance alone can make me an Agyani in all three padas. Once Ignorance goes, one becomes a Gyani with awareness that he is Turiyam.

Once I know I am Turiyam, I can claim all features of Turiyam as my own. One main feature of Turiyam is that it is Shantam, Shivam and Advaitam. In my vision there is no duality at all; all are gone.

Even the idea that I am Gyani has duality in it. As a knower, I am a subject who knows something as an object; this involves dvaitam. With knowledge this duality goes and I am no more a knower. Self-knowledge removes the idea of knowerhood. A gyani

loses the idea that he is not even a Gyani?? Then who am I? I am not pramata, prameya or pramanam; but I am Turiyam without all three features of Vishwa, Taijasa and Pragya.

A side point here is **when a Gyani says I am non-dual advaitam; dvaitam continues for him; he just does not attribute reality to it.**

If this were not true a Gyani cannot even be a Guru, as he has to see at least one Shishya, which means Dvaitam. **When we say Gyani is in advaitam, perceptual dvaitam continues but he does not attribute advaitam to it. Sky is perceived as a blue dome over earth. Knowledge is that there is no blue dome, but perception continues even while knowing it is a perception alone.** I know ocean water is colorless, but eyes will still report it as with color; however, I will know it is a perception only.

Similarly, sun does not rise rather it is the earth that moves. My perception sees sunrise and sunset, but I know the sun does not rise or set.

I perceive the stationary earth but I know it moves violently around the sun. As per Vedanta, **perception does not prove reality.**

You see pure blue water, blue dome in sky and a stationary earth. Gyani also perceives these dualities, but he knows the perceived reality is not real.

He knows water is colorless and moving earth is really moving at 60,000 MPH. Our sense organs are not designed to know reality. They are meant to give us a working knowledge of world. Hence newspapers report daily, the sunrise and sunset times. This is for the working knowledge alone. What is working knowledge; it is that, there is duality. Real knowledge is that there is no duality.

Working knowledge is Vyavahrika Satyam. Paramarthika Satyam is

1. Akara Matra: In English there is no akara at all. In Indian languages Aa is first and significant letter. Scriptures say Aa is most significant alphabet of all. It is the sound that comes automatically from mouth.
2. U kara Matra: There is no U in English language as well. Hence Om can't be written in English. In Sanskrit, as per grammar or Sandhi rules, Aa+ U=O.
3. M kara matra: It is a consonant.
4. Amatra: is the silence that follows the Om.

We can equate Atma and Om in all respects. Atma is a compound with four parts to it as is OM. Since both have four parts, one can equate each part to a part of Om respectively. What is the advantage of this equation? Once you equate Om and Atma, we can use it for meditation. When we chant OM all four padas of atma come up by association. Then we can claim Turiyam. For Turiya Dhyanam, Omkara is an ideal symbol.

Atma analysis leads to pure consciousness while Omkara analysis leads to pure silence. The silent consciousness is my inner most nature while all our talking is Samsara. This is the analysis.

This atma with four padas is Omkara.

Thus: Total Atma= Total Omkara.

If you dismantle the components of both, each pada equates to each matra and vice versa.

Om has A U M and Silence (amatra). Silence is discussed in mantra # 12. Amatra means the silence that follows.

What about the four padas of Atma? We already discussed the four padas from mantra # 2 to 5, both at macro and micro level.

**Mantra # 9:**

□□□□□□□□□□ □□□□□□□□□□□□

one gold becomes many jewelry. The cause pervades all effects. Gold pervades all ornaments. Letter Aa pervades all alphabets. All alphabets are manifestations of Aa. For each alphabet there is a devata. For Aa, it is Brahma as Karanam for whole creation. Aa is Sarvavyapi; Virat is also Sarvavyapi. Apte in shloka means Sarvavyapi.

There is a second common feature. Virat is born first before creation of individual being. Macro is born first then individual being(s) come about. Aa is also first born sound. Adimatva means Primary. So, both are all pervading and primary. May you meditate on Aa as a symbol of Virat just as we meditate on a Linga as a symbol of Lord Shiva. So, perform Akar Virat Aikya dhyanam.

**Take Away:**

When a Gyani says I am non-dual advaitam; dvaitam continues for him; he just does not attribute reality to it.

As per Vedanta, perception does not prove reality.

## **Mandukya Upanishad, Class 13**

**Mantra # 7; Karika # 14:**

वैश्वानरं तैजसं प्रज्ञां तुरीयाम् ।  
अज्ञानं तदज्ञानं तदज्ञानं तदज्ञानम् ॥

**Vishwa and Taijasa, the former two are associated with the conditions of dream and sleep, Prajna is the state without dream. Those who have known the Truth do not see either sleep or dream in Turiya.**

Swamiji said in these karikas beginning from # 11 Guadapada is comparing and contrasting the four padas by making use of presence or absence of Ignorance and Error in them. Ignorance is self-ignorance while error is self-delusion.

Ignorance is indicated by words such as: Agrahanam, Nidra, Karanam and Beejam, all mean self-ignorance.

Error is indicated by words such as :Anyathagrahanam, Swapna, Karyam and Ankuraha; all indicating error or self-delusion.

Of the four padas, the first three are associated with Ignorance, while Turiyam, the fourth pada, is not. With respect to error, of the four padas, two are associated with error while two are not. Thus we can say the following:

First pada has Ignorance and Error.

Second pada has Ignorance and Error

Third pada has Ignorance without Error

Fourth pada has no Ignorance or Error.

Next in the Karika #15 Gaudapada arrives at an important corollary.

**Karika # 15:**

दृश्यान्तु दृश्यं तददृश्यान्तु दृश्यम् ।  
दृश्यान्तु दृश्यं तददृश्यान्तु दृश्यम् ॥

**Dream is the misapprehension of Reality, while sleep is the**

**state in which one is in a state of non-apprehension of Reality. When the erroneous knowledge in these two states disappears, Turiya is Realized.**

This Karika reinforces the same ideas as last Karika but with a new set of words.

**Swapna** belongs to that pada associated with anyathagrahanam or wrong perception or error. When self-delusion is there, it is swapna. The self-delusion is that I am a Jivatma. Why is it a delusion? In reality, I am Paramatma and not Jivatma; this is the delusion. Such a person is in a dream. If one has a self-delusion even in waking state, Vedanta calls it Swapna; thus even jagrat avastha is a Swapna.

**Nidra:** First and second padas are associated with Error; hence swapna belongs to them. On the other hand Nidra belongs to that pada which is associated with Self Ignorance. Therefore Nidra, sleep, belongs to the pada associated with Self Ignorance. This is the third pada. In Pragma state there is Nidra or self-delusion. So sleep, philosophically, means Self Ignorance. In waking state if we are Self-ignorant, we are asleep. Philosophically, in sleep, if we are self-ignorant, we are asleep as well. Thus in sleep too, in philosophical sense, sleep is Self Ignorant.

So sleep, philosophically, belongs to all three padas. Both, waking and dream states are associated with self-delusion. In deep sleep there is ignorance but no self-delusion. Turiyam has not ignorance or self-delusion. As long as Ignorance and Error exist, I am away from Turiyam because Turiyam is free from both.

(Note: My association with the three states is only a seeming one. Once I understand the association to be a seeming one, I am free. The stick under water only seems to be bent. If I take the bend to be real, I have to do something to straighten the stick. When I know the bend to be only a seeming one, I do

not need to do any sadhana to straighten the stick. Let the stick be in water and appear to be bent. But it is straight all the time. Similarly, I appear to be a waker, dreamer or a sleeper. Even when I appear as all these three, they are only appearances. I am always Turiyam and **this I have to know in the waking state.**)

How can I attain Turiyam? Gaudapada says definition of Turiyam is freedom from Ignorance and Error.

If you have freedom from Ignorance and Error you can claim status of Turiyam. Therefore he comes to a corollary that a seeker can attain status of Turiya Padam when error backed by ignorance, self delusion and self ignorance, is eliminated from me.

Why so? If I am associated with Ignorance and Error, I am in first or second pada. With Ignorance alone I am in third pada. When I eliminate both, Ignorance and Error, I become Turiyam.

Thus Ignorance and Error have to be eliminated in first three padas to attain Turiyam.

Stated as an equation:

Vishwa minus ignorance and error equals Turiyam

Taijasa minus ignorance and error equals Turiyam.

Pragya minus Ignorance equals Turiyam.

Turiyam minus nothing equals Turiyam.

Thus, Vishwa, Taijasa and Pragya are all Turiyam without ignorance and error.

If so, how to remove Ignorance and Error?

You can never directly remove Ignorance, even as darkness can't be removed. Darkness goes when light comes in; even so, only Gyanam can remove Ignorance. What Gyanam removes

Ignorance? By gaining Turiya gyanam Ignorance may go, but how about Error? When ignorance goes, Ignorance caused Error also goes. **Thus when rope Ignorance goes snake delusion, the Error, automatically goes.**

So, only knowledge is needed to remove Ignorance as well as Error. How to get Gyanam? We have to start with Karma Yoga for Chitta shudhi; then go to Upasana Yoga for Chitta Ekagritha; then go to Gyana Yoga to obtain Gyanam. What is Gyana Yoga? It is sravanam, mananam, and nidhidhyasanam.

### **Karika # 16:**

□□□□□□□□□□ □□□□□□ □□□ □□□□ □□□□□□□□□□ □  
□□□□□□□□□□□□□□□□□□□□□□□□ □□□□□□□ □□□ □ □□ □

**When individual soul sleeping under the influence of the beginningless maya is awakened, then it realizes in itself the birthless, sleepless, dreamless and non dual (Turiya).**

I realize that Ignorance and Error are obstacles between me, and my Turiyam status. How did Ignorance and error come? Why did they come? Who created me with Ignorance and Error? When did he create it?

Gaudapada says nobody created Ignorance, as such all three questions are wrong. It was there from the beginning of time. The Jiva is in state of philosophical dream, with Error or self-delusion, because of Maya or Nidra, the beginning-less Nidra or philosophical Nidra or Self Ignorance.

Jiva is a Self-delusion because of beginning-less Ignorance. Generally a Jiva does not try to remove the Ignorance. How to remove it? Some rare Jivas try to remove it. The word Prabudhyat in shloka means wake up. If a Jiva wakes up to his real nature, philosophical awakening, it is knowledge. **Suppose a Jiva knows Turiyam nature by karma yoga, upasana yoga and gyana yoga, then he understands that I am not Vishwa, I am not Taijasa, and I am not even Pragya as well; rather I am**

**Turiyam; advaita Turiyam; or Turiyam free from anidram, that is without nidra or self-ignorance.**

Pure Nidra is associated with third pada. So, I am different from third pada, Aswapnam or Self –delusion; Turiyam is free from Swapna or free from second pada.

**Ajam:** means birthless or janma rahitaha.

Turiyam in first pada is associated with physical body or sthula shariram. Birthless means free from physical body associated with Vishwa, the Waker; also called Vishwa vilakshanam. This the seeker recognizes.

**Karika # 17:**

एतद्वैतं न सत्यं न सत्यं न सत्यं न सत्यं न सत्यं न  
एतद्वैतं न सत्यं न सत्यं न सत्यं न सत्यं न सत्यं न

**If the perceived plurality were real, then certainly it would disappear. This duality that is cognized is a mere illusion, or maya. Non-duality alone is the supreme Reality.**

In this karika gaudapada is assuming a possible question that can come up from previous karika.

If one knows through knowledge that I am Turiyam the adviatam, in wake of knowledge there is advaitam. Thus, with knowledge it eliminates Dvaitam. **Then question comes, can knowledge eliminate world of plurality?**

Can knowledge eliminate anything at all? If knowledge of table can eliminate table, then table should get eliminated while in reality we don't see this happening. Can knowledge of a disease eliminate the disease? Reality is that it is not knowledge rather it is the medicine that eliminates disease.

Secondly, even if we assume knowledge eliminates dvaitam then advaitam comes. In wake of knowledge dvaitam goes and advaitam comes. If so, will advaitam also go and dvaitam come back

later? Thus, advaitam and moksha wont be permanent. So, can knowledge eliminate dvaitam?

Gaudapada answers in next three karikas these questions. He says question of elimination of dvaita prapancha to arrive at advaitam itself is wrong. If there is dvaita prapancha, it may go or not go, but fact is, there is no dvaita prapancha at all to talk about or its going and coming. It is like in waker, with rope knowledge, will snake knowledge go away? This question itself is wrong, as there is no snake to begin with. If there is a dvaita prapancha existent it may perhaps go away, there is no doubt about it. Really speaking there is no dvaita prapancha to go away, just as there is no snake to go away with rope knowledge.

Then, in wake of knowledge, what goes away? Dvaita prapancha (phenomenon) does not go away as it was not there to begin with rather it is Dvaita Brahmyam, delusion of Dvaitam, that goes away. This dvaita prapancha is only a delusion, a brahmyam, and a maya. If at all, it is this brahmyam that goes away. Thus, dvaita nivrithi is dvaita brahmya nivrithi.

In swapna you saw a thief entering your house; upon waking there is no thief; what has gone is the thief delusion or thief brahmyam. If dvaitam is brahmyam, what is fact? Really speaking, there was always advaitam, there is always advitam and there will always be advitam as well; there was only dvaita brahmyam.

**Karika # 18:**

द्वैतप्रपञ्चो द्वैतब्रह्मणो द्वैतनिवृत्तिरिति  
द्वैतब्रह्मणो द्वैतनिवृत्तिरिति द्वैतब्रह्मणो द्वैतनिवृत्तिरिति

**If any one has ever imagined or projected the manifold ideas, they might disappear. This explanation is for the purpose of teaching. Duality in the explanation ceases to exist when the highest Truth is Realized.**

In previous Karika it said that Gyanam eliminates Dvaitam and it takes you to advitam; it eliminates dvaitam Brahmyam. Here Gaudapada adds more to the previous idea of knowledge of eliminating dvaitam.

He says, when knowledge eliminates dvaitam it includes the dvaitam that is the very basis of Gyanam. The very idea of Gyanam presupposes duality; thus the question comes who is the knower and what is the subject of knowledge. Gyanam eliminates all duality; it also eliminates knower and known duality. Can Gyanam eliminate knower known duality? Gaudapada answers, if there is a knower known duality then one can talk of its elimination perhaps; but in reality knower known duality does not exist; the question itself is wrong. It is similar to rope knowledge that eliminates snake. If there is duality (subject, object) created by someone, perhaps, it may or may not go, if it exists, but fact is that there is no knower known duality to go away.

Then what goes away? It is the notion, delusion, that there is a knower and known. This duality goes away. After knowledge, I will not even claim I am a Gyani, because to claim I am a Gyani I have to have a knower and known duality. I am Turiyam, free from knower and known duality.

If knower and known division are not there, why do scriptures talk about it? In Taittiriya Upanishad it says, Knower of Brahman attains liberty. The scriptures temporarily accept knower known division for sake of teaching. Once teaching is successful then there is no more duality; the knower known duality; the teacher student duality, all of them go away.

### **Take Away:**

Thus when rope Ignorance goes snake delusion, the Error, automatically goes.
